

# **LAW ENFORCEMENT COMMUNICATIONS PLAN**

## **PROGRAM DESCRIPTION**

The Law Enforcement Communications Plan provides a statewide communications plan for county and municipal law-enforcement agencies. The Local Public Safety Radio Services section can provide technical recommendations for law enforcement radio communications. The Local Public Safety Radio Services section can advise law-enforcement agencies on technical issues associated with their two-way land-mobile radio communications. These services are free for all law enforcement agencies in the state. Technical services include: recommendations to improve radio system performance, radio-frequency channel (NPSPAC) allotments, applications to the Federal Communications Commission to license radio frequencies, review purchases of communications equipment by state agencies, assistance to the Florida Region 9 Planning Committee.

## **ELIGIBLE APPLICANTS**

Florida public law enforcement agencies.

## **TYPE OF ASSISTANCE**

The Local Public Safety Radio Services section provides two-way radio communications free for all law-enforcement agencies, fire and any public-safety government entity. The engineering services are: NPSPAC channel allotment, Federal Communications Commission licensing applications and notifications, review of purchases of communications equipment by state agencies, provide technical assistance to the Florida Region 9 Committee, radio interference analysis, review and recommendation for Statewide Law Enforcement Radio System Partner Program, etc.
