

FMIvT Diversified Large Cap Equity Portfolio
Guidelines
Approved June 1, 2017
Effective 10-1-17

Benchmark: Russell 1000

Portfolio Objective

The investment management style and process utilized in this Portfolio is important and, therefore, adherence to this discipline is a critical issue. The Portfolio may be implemented via a multi manager approach that will attempt to provide a balanced exposure between growth and value over time. The target allocation of the Diversified Large Cap Equity Portfolio shall be as follows:

	Target	Range
INTECH Broad Enhanced Russell 1000	60%	50% - 70%
Atlanta Capital High Quality Growth	20%	10% - 30%
Hotchkis and Wiley Diversified Value	20%	10% - 30%

Each commingled fund or separate account manager's portion of the Portfolio should be managed in a style consistent with the fund's or asset manager's other portfolios within the same investment mandate or product. Any significant deviation from the fund or manager's stated style will require written approval from the Florida Municipal Investment Trust Board of Trustees.

Portfolio Characteristics (In addition to any restriction specified in the Trust's Statement of Investment Policy.)

1. This Portfolio should provide broad exposure to the large cap US Equity Markets.
2. The Portfolio may be implemented through commingled funds or through separately managed accounts.
3. Commingled funds will be managed in the style/strategy consistent with the fund's stated objective and constraints.
4.
