9:00 a.m. –
1:00 p.m. ET

Orlando World
Center Marriott

Millions of dollars are made available to local governments through grants each year. Still, cities of all sizes face similar challenges in finding and securing grant funding that best fits their needs. Learn how to take advantage of the funding opportunities for municipal governments and how our new partnership with eCivis can simplify the grants process.

Join us for the Florida League of Cities Grants Symposium as we explore the grants process with guidance from the League's grants assistance partner, eCivis, and representatives from state agencies, including the Department of Economic Opportunity, the Department of Environmental Protection and the Division of Emergency Management.

Who should attend:

- Elected Officials
- City Managers
- Department Heads
- Finance Directors
- Grant Coordinators.

Attendees will gain a comprehensive understanding of the entire process, from finding, applying and tracking to managing and reporting grants. The event is free for League members and research partners, but pre-registration is required.
