Regular meeting 2nd and 4th Thursdays each month at 6:00 p.m.

August 23, 2019

Honorable Mayor and
Members of the City Commission
City of Palatka, Florida

Mayor and Commissioners:

We are pleased to present to you, the City Commission and the citizens of Palatka, the Comprehensive Annual Financial Report of the City of Palatka (the "City") for the fiscal year ended September 30, 2018.

This report was completed by the Finance Director and City Manager, with close cooperation of the external auditors, Carr, Riggs & Ingram, and represents the official report of the financial operations and condition of the City of Palatka to its citizens. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the management of the City. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included. This letter of transmittal should be read in conjunction with Management's Discussion and Analysis, which can be found beginning on page xv.

THE REPORTING ENTITY

The City of Palatka is a political subdivision of the state of Florida, which was incorporated January 8, 1853. Palatka is in the Northeast section of Florida in Putnam County (the "County") and is the County Seat. Palatka lies along the St. Johns River and is approximately 50 miles south of Jacksonville, 26 miles west of St. Augustine and 50 miles east of Gainesville.

The City operates under a Commission/Manager form of government. It has an elected Mayor-Commissioner and a Board of Commissioners (four members) and serves approximately 10,649 residents by providing a full range of municipal services including General Administration, Public Safety, Planning and Zoning and Community Enrichment and Development. In addition, the City owns a Municipal Golf Course; an Airport; Sanitation, Water and Wastewater utility systems.

THE REPORTING ENTITY (Concluded)

The Palatka Downtown Redevelopment Agency, and the Palatka Gas Authority are considered component units of the City, and the City is financially accountable for them. Accordingly, these component units are included in the City's Comprehensive Annual Financial Report.

ECONOMIC CONDITION

Palatka's population is 10,649 persons according to the University of Florida, Bureau of Economic and Business Research, Florida Estimate of Population for 2018. During the budget planning for fiscal year 2018-19, the City proposed a General Fund operating budget that was 3.5% more than the previous year increasing from \$11.868 million to \$12.279 million. The City is currently in year four (4) of implementing a fire service special assessment that resulted in revenues of \$1,290,086 in FY2018. The millage rate remained at 6.4000 mills for the third consecutive year. Other revenue sources such as state shared revenues, sales taxes, fuel taxes, utility taxes, franchise fees and communication service taxes increased from the prior year. The annual transfer from the Palatka Gas Authority was \$186,636 in FY2018 as a result of the same formula used for franchise fees, 5.9% of gross revenues.

The City Commission kept the City's millage rate the same as the past fiscal year, 6.4000 mills. The inclusion of the annual special assessment for fire protection services allows for the millage rate to avoid an increase. Overall, the City continues to face the challenge of increased expenditures related to maintaining the current level of service it provides its citizens without increasing the total amount of revenues received from ad valorem taxes and the fire service assessment.

For the year-ended September 30, 2018, the General Fund total fund balance was \$2,349,615, an increase of approximately half a million dollars over last year end.

Approximately seven percent (7%) of the General Fund total fund balance is non-spendable due to advances to other funds, therefore the City will not have this portion available for use in the immediate future. Restricted and committed fund balances comprise an additional twelve percent (12%) of the total fund balance. The remaining unassigned fund balance is 22% of the total general fund expenditures, which totals \$1,895,172. This balance is 44% higher than last year and exceeds the minimum balance recommended by the GFOA of approximately 16.67% or two months worth of operating expenditures. The net position of the Enterprise Funds decreased by approximately 0.3%.

The City's golf course continues to operate at a financial deficit with money from the general fund being budgeted as a transfer to offset this deficit. In February 2017, the City entered into a franchise lease agreement for the day to day operations of its historic golf course to minimize the operating deficit and reduce the annual transfer. This Franchise Agreement has proven a minimization of operational deficit.

MAJOR INITIATIVES

Invest in staff – Motivate, retain and develop a quality labor pool.

Improve the effectiveness of our services and the appearance of the community – Focus resources on those services and projects that provide the community (tax payers) the greatest positive impact on quality of life and aesthetics of the community. Initiate team building through developing strong internal and external collaborative relationships. Enhance the use of information systems and reporting.

Create a safe working environment- Create and sustain safe facilities, and infrastructure while identifying and reducing risks.

Improve facilities and infrastructure - Improve the condition and functionality of all community facilities and infrastructure. Institutionalize preventative maintenance procedures and increase the replacement of deficient infrastructure.

Reduction of Personnel Cost – Identify and implement work schedule to reduce the cost of overtime while incorporating training and providing for better service and coverage during peak times.

CURRENT PROJECTS

The City's Riverfront property redevelopment and revitalization efforts continue to be a critical and vital improvement project in order to reinvigorate the downtown and City. The City was successful in attracting two development partners to build a new hotel and to revitalize several historic buildings along the riverfront which are a high quality mixed use development. The hotel, adds more than \$3 million dollars to the tax roll and the mixed development adds \$1.1 million.

The City Commission adopted a Riverfront Conceptual Master Plan in March 2010 and has successfully completed approximately six point one million dollars (\$6.1 million) of improvements to the Riverfront Park Downtown Area including; road way, storm drainage, parking facilities, landscaping, playground, restroom and shower facilities, and appurtenant facilities. The funding for these improvements has come from the downtown tax increment fund and infrastructure surtax revenues as well as significant grant dollars from various State and Federal sources. The City also previously issued a RFP for dock operations, concessions and park management and was successful in attracting a qualified vendor and is in the process of securing a management agreement. The City will receive an enhanced level of service and maintenance at those facilities from the vendor and will share in a portion of the vendor's earned revenue. Phase IV and V of the Riverfront Improvements were completed and put into service this past year. These improvements consisted of vaulting existing stormwater basins to increase usable park/event space and the reconfiguration of roads and parking in the Southern Riverfront Area. At the same time water lines were replaced and new stormwater collection systems were installed to replace aging infrastructure. The projects have improved the appearance of the community and the condition and functionality of the infrastructure.

**MAJOR INITIATIVES
(Continued)**

CURRENT PROJECTS (continued)

Infrastructure surtax revenues (Better Place Funds) are dedicated to capital improvements within the City. This year's improvements were primarily used for grant match, infrastructure improvements (i.e. sidewalks, road resurfacing and stormwater) and repayment of capital-related loan obligations. The City's GIS based asset management software continues to be populated with road, water, sewer and storm data to enhance the use of information systems and reporting. The new system once populated will assist Focus resources on those services and projects that provide the community (tax payers) the greatest positive impact on quality of life and aesthetics of the community. A specific example of this will be an ongoing Pavement Management Plan for all City roads. The plan is being developed to prioritize road preventative maintenance and reconstruction based upon condition rating, previous treatments, classification, scheduled utility projects and availability of funding.

The City continues to upgrade the pavement and drainage systems, new security fencing, and add new hangar facilities at the airport with the help of Federal Aviation Administration (FAA) and Florida Department of Transportation (FDOT) grants. The City in cooperation with the funding partners expended over one and half million dollars to expand apron and aircraft parking. The T-Hangar project is now complete with 100% occupancy generating additional revenue. The City has begun to address on and off airport obstructions with assistance from the FAA and FDOT. These improvements are intended to mitigate existing safety concerns and to prepare the airport for possible runway expansion in the future and have enhanced the City's ability to sustain the airport and provide for further development and economic opportunities there.

FUTURE PROJECTS

Better Place Funds will continue to be used to improve the City's infrastructure, debt repayment and for major equipment purchases. This use of Better Place Funds will continue next fiscal year and thereafter until all streets, drainage and sidewalks in the City are addressed. The implementation of management plans for all infrastructure assets (i.e. storm, water, wastewater, streets, etc.) will assist the City in capital planning, financial modeling and to achieve its goal of institutionalizing preventative maintenance procedures and increase the replacement of deficient infrastructure.

The City has evaluated parts of the City's Waste Water Treatment process that produces bio-solids which currently are sent to the County's landfill for disposal. The City is seeking funding from various sources in order to finance the equipment and processes which would produce a class A bio-solid which could be sold for fill and ground cover. The improvements are expected to cost three million dollars with some of the funding expected to come from State and Federal sources.

**MAJOR INITIATIVES
(Continued)**

FUTURE PROJECTS (continued)

A St. Johns River Water Management District grant for \$1.2 million was awarded for the development of a 200+ acre reclaimed disposal site adjacent to the treatment plant. The City advertised for agricultural lease proposals for the 200 acre site and is in negotiations to finalize a lease that will ensure the beneficial use of reclaimed water and bio-solids on site for agricultural purposes. This lease is expected to generate \$20,000/year. year and decrease operating expenses related to hauling of biosolids. Construction of the necessary holding pond and sprayfield area is scheduled to be completed by October 2019.

The City has prioritized seven areas for water main replacement by analyzing water main breaks, calls for service and age of the infrastructure. The City has submitted two (2) legislative appropriation requests totaling \$3.9 million for potable (drinking) water main line replacement and Wastewater Treatment Plant upgrades. The Department of Economic Opportunity through the CDBG small cities program has awarded the City \$750,000 for potable line replacement. The

City has been awarded \$1.5 million in SJRWMD funding for potable line replacement in the Historic Districts and Palatka Heights. This funding has been matched with State Revolving Loan Funds from FDEP and Tax Increment Funds. The City plans to replace 40,000 linear feet (10% of system) of potable main lines in the next 3-5 years.

The City is seeking additional Federal and State grant funds to identify, plan and finance needed water system deficiencies. The City conducted a leak detection study in the spring of 2016 within Honorable Mayor and the oldest areas of the City. While the report noted the poor condition of the potable delivery system it did not find any notable leaks that could contribute to water loss. Percentage of water loss for FY 17/18 was 8.9% of water pumped and is within an acceptable range (<12%).

The City continues to fund a considerable water renewal project using multiple State and local funding sources. The City secured \$7.583 million in State Revolving Fund loan monies of which a portion will be repaid by the City's tax increment fund districts. A revised water and sewer rate structure was implemented to more equitably distribute the cost of service availability to customers based upon their demand on the system. This rate structure is estimated to bring in an additional \$1 million to fund capital projects in the utility. In addition to system renewal staff has began planning for extension projects aimed at improving system efficiency and economic benefit to the system. The City will continue to evaluate any appropriate water and sanitary sewer extensions to the present system to serve new areas and customers outside of the current service limits.

Other future projects include two (2) stormwater infrastructure projects to pretreat stormwater runoff prior to it entering the St. Johns River system. The South 15th Street drainage project is funded by CDBG DRI (\$1.8 million). The first phase of the South Historic District Stormwater improvements was funded by a St. Johns River Management Cost Share Agreement (\$500,000).

**MAJOR INITIATIVES
(Concluded)**

FUTURE PROJECTS (continued)

Funding for future phases is currently being sought. The City completed Phase I of the Booker Park Recreation Complex project with the clearing of land for future ballfields and construction of a regional stormwater pond. Funding for future ballfields, basketball courts, trail and other amenities has been secured from FDEP.

The replacement of sidewalks throughout the City in effort to improve walkability and quality of life for our residents remains a priority. The City continues to fund this effort and prioritize areas for replacement based upon condition, traffic and scheduling of other capital road/utility projects.

The City continues to work with Putnam County and Chamber of Commerce representatives to expand utility services in order to promote and facilitate economic development. The City continues to meet with Putnam County to discuss annexation of enclaves around the City and potential utility boundary service areas which could spark and promote economic development in the region.

FINANCIAL POLICIES

INTERNAL CONTROL STRUCTURE

The City's general governmental fund operations are accounted for by using the modified accrual basis of accounting, with revenues being recognized when they become measurable and available. Expenditures are recorded when goods or services are received and the related liability is incurred. The City's enterprise funds and government wide activities are reported on the accrual basis of accounting.

The City Manager serves as the chief administrative officer of the City. The Finance Director is the financial officer for the City and is responsible for financial accounting and reporting. The City Manager also serves as the budget officer and presents the preliminary budget, based on departmental requests, to the City Commission for approval. All budgeted amounts lapse at year's end.

In developing and maintaining the City's accounting system, consideration is given to the adequacy of internal controls. Internal controls are designed to provide reasonable, but not absolute, assurance that (1) assets are safeguarded against loss from unauthorized use or disposition, that (2) transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles (GAAP). The concept of reasonable assurance recognizes the cost of internal controls should not exceed the benefits likely to be derived.

**FINANCIAL POLICIES
(Concluded)**

INTERNAL CONTROL STRUCTURE (continued)

The evaluation of costs and benefits requires estimates and judgments by management. All internal control evaluations occur within the above framework. We believe the City's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

BUDGETARY CONTROL

Budgetary control is maintained at the fund level. The Finance Director may authorize budget transfers between major categories within the departments and between departments and divisions within the same fund. All interfund transfers and budget amendments require prior approval of the City Commission. Departmental expenditures are monitored on a monthly basis by the City Manager and Finance Director. The City Commission is provided with a quarterly budget status report. Encumbrances lapse at year's end.

INDEPENDENT AUDIT

Florida Statutes require an audit of the financial statements of the City of Palatka by an independent certified public accountant selected by the City Commission. The City complied with this requirement, and the auditor's opinion is included in the financial section of this report.

AWARDS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Palatka for its comprehensive annual financial report for the fiscal year ended September 30, 2017. This was the twenty-sixth year in a row that the City received this prestigious award. In order to be awarded a Certificate of Achievement, the City published an easily readable and efficiently organized comprehensive annual financial report.

A certificate of achievement is valid for one year only. We believe this report satisfies the requirements of generally accepted accounting principles, applicable legal requirements, and certificate of achievement program requirements, and we are submitting it to the GFOA for consideration for an award.

Honorable Mayor and
Members of the City Commission
City of Palatka
Page 8

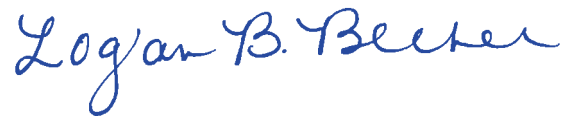

ACKNOWLEDGMENTS

The preparation of this report was accomplished through the efforts and dedication of the City's financial staff. We would also like to thank the members of the City Commission for their interest and support in planning and conducting the fiscal operations of the City of Palatka.

Respectfully submitted,

Elmon L. Garner
Interim City Manager

INDEPENDENT AUDITORS' REPORT

The Honorable Mayor and
City Commissioners
City of Palatka, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Palatka, Florida (the "City"), as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City as of September 30, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter – Adoption of New Accounting Pronouncement

As described in Note 15 to the financial statements, the City adopted Government Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions*, which resulted in a restatement of beginning net position. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the information listed in the table of contents as "required supplementary information" be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, information listed in the table of contents as "supplementary information," including the Schedule of Expenditures of Federal Awards, which is required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and the statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated August 23, 2019 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Carr, Riggs & Ingram, L.L.C.

City of Palatka
Management's Discussion and Analysis
September 30, 2018

As management of the City of Palatka, we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2018. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on page i of this report.

Financial Highlights

- The net position of the City at the close of the fiscal year was \$49,482,767. The total unrestricted net position of the City ended the fiscal year at \$(4,450,547).
- The City's total net position increased by \$511,068 (1.41%). Governmental net position, including restatement increased by \$699,639 (5.54%) and the Enterprise funds net position, including restatement decreased by \$188,571 (0.52%).
- The total net position of each Enterprise fund was: Water \$16,845,754, Sanitation \$(109,033), Golf \$1,022,554 and Airport \$18,398,547.
- As of September 30, 2018, the City's governmental funds reported combined ending fund balances of \$3,140,524, an increase of \$114,357, including restatement (3.78%).
- At the end of the fiscal year, unassigned fund balance for the General Fund was \$1,895,172 or 20.89% of total General Fund expenditures. Downtown Redevelopment Agency fund balance was \$453,466. Better Place Plan fund balance was \$337,443.
- Net position of the General, Police Officers', and Firefighters' Pension Trust Funds increased by \$210,202, \$428,198, and \$232,806 respectively, primarily due to appreciation in the fair value of investments.

Overview of Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements

The *Government-wide Financial Statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *Statement of Net Position* presents information on all of the City of Palatka's assets and deferred outflows, and liabilities and deferred inflows, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *Statement of Activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (i.e. uncollected taxes and earned but unused vacation leave).

The Government-wide Financial Statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, streets and drainage, economic development and culture and recreation. The business type activities of the City include the utility (water and wastewater), the airport, the golf course, and sanitation; while the discretely presented component unit, the gas authority provides gas services.

The government-wide financial statements include not only the City of Palatka, but also the Palatka Gas Authority, an independent component unit of the City. Financial information for this component unit is reported separately from the financial information presented for the primary government itself.

The government-wide financial statements can be found on pages 1 & 2 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Palatka can be divided into three categories: governmental funds, proprietary fund, and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains four individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General fund, the Downtown Redevelopment Agency fund, and the Better Place Plan fund, which are considered major funds. Data from the non-major governmental fund is included in the nonmajor governmental fund column.

The City adopts an annual appropriated budget for each governmental fund. Budgetary comparison schedules have been provided for the General fund and the Downtown Redevelopment special revenue fund in the required supplementary information section and for the Better Place Plan fund and the other non-major governmental fund in the supplementary information section.

The basic governmental fund financial statements can be found on pages 3 - 6 of this report.

Proprietary Funds

The City maintains several enterprise funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its Utility, Golf, Airport and Sanitation operations, as does the independent Component Unit Gas Authority.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the funds listed above, all of which are considered to be major funds of the City.

The proprietary fund financial statements can be found on pages 7 – 10 of this report.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 11 & 12 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to the full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 13 - 44 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information concerning budgetary comparisons and the City's net liabilities, contributions and investment returns relating to its pension plans and the City's progress in funding its obligation for other postemployment benefits to its employees. Required supplementary information can be found on pages 45 - 55 of this report.

Supplementary information can be found beginning on page 56 of this report.

Government-wide Financial Analysis

Net Position

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Palatka, assets and deferred outflows exceeded liabilities and deferred inflows by \$49.5 million at the close of the most recent fiscal year. There were deferred inflows of \$98,359 and deferred outflows of \$1,887,564.

The majority of the City's net position rests in its investment in capital assets (e.g., land, buildings, machinery and equipment), less any related debt used to acquire these assets that is still outstanding. These capital assets are used to provide services to citizens and are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

City of Palatka
Summary of Net Position
For the Year Ended September 30, 2018 and 2017

	Governmental Activities		Business-type Activities		Total	
	2018	2017	2018	2017	2018	2017
Assets:

An additional portion of the City's net position \$1.03 million (2.08%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position is a negative amount of \$4.45 million.

Change in Net Position

The City's total net position, including restatement increased \$511,068 over the previous year as a result of an increase of \$699,639 from governmental activities and a decrease of \$188,571 from business activities.

Business-type Activities

Business-Type activities decreased the City’s net position by \$188,571, including restatement, thereby accounting for 32.08% of the total change in the net position of the City. Key elements of this decrease were as follows:

The Water fund had an operating income of \$1,199,729 in addition to nonoperating expenses of \$365,556 resulting in gain of \$834,713 before capital contributions and transfers. After capital contributions and transfers, the net position increased by \$526,361. The net position at the end of the fiscal year in the Water fund totaled \$16,845,754.

The Sanitation fund net position decreased by \$438,516, including restatement, due to operating loss of the fund increasing from the prior year. The net position at the end of the fiscal year in the Sanitation fund was a deficit of \$109,033.

The Golf Course fund net position increased by \$180,451 due to transfers from the General Fund and. The net position at the end of the fiscal year in the Golf Course fund was \$1,022,554.

The Airport fund received capital contributions of \$437,894 for various capital projects throughout the fiscal year. These funds were used for projects that included pavement, marking, and lighting rehabilitation of taxiways, taxilanes, and runways. The operating loss for the Airport which includes depreciation totaled \$767,698. This loss combined with a total nonoperating expense was partially offset by the capital contributions, bringing the change in net position of the fund to \$(408,254). The net position at the end of the fiscal year in the Airport fund totaled \$18,398,547.

Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$3,140,524, an increase of \$191,098 (6.31%) in comparison to the prior year. This total includes a nonspendable fund balance of \$162,742, a restricted fund balance of \$1,021,993, a committed fund balance of \$60,617 and an unassigned fund balance of \$1,895,172, which is available for spending at the government's discretion.

General Fund

The General Fund is the chief operating fund of the City. At the end of the current fiscal year General fund balance was \$2,349,615, an increase of \$499,034, from the prior year.

Local tax revenues are the primary sources of the City's tax revenue and are a combination of property tax, franchise, utility, sales tax and local option gas taxes. Total taxes increased by \$197,519 from the prior year.

Ad valorem taxes, which were accounted for in the general and special revenue funds was 6.4000 mills, and generated \$2,817,740 which was an increase of \$244,225 from the prior year. The City is in its third year of implementing a special assessment for fire protection services that generated \$1,290,086 in revenue.

Total revenues for the General Fund decreased by \$403,656 from the prior year.

The General Fund had a decrease of \$22,306 in expenditures, which is essentially status quo from the prior year.

Unassigned fund balance in the General Fund increased by \$529,502 (44%) from the prior year.

Special Revenue Funds

The Downtown Redevelopment fund balance was \$453,466, a decrease of \$441,676 from the prior year. This decrease was the result of a transfer out of \$799,483.

The Better Place Plan fund ended the fiscal year with a balance of \$337,443, an increase of \$171,941 from the prior year. This increase was due to an increase in grant revenues.

Proprietary Funds

Proprietary funds are used to account for operations that are financed and operated in a manner similar to a private business enterprise, where the intent of the cost (expenses, including depreciation) of providing goods and services to the general public on a continuing basis is financed through user charges. The City operates four proprietary enterprise funds: the Water Revenue Fund, Municipal Golf Course Fund, Sanitation Fund, and Airport Fund. The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. As of September 30, 2018, total proprietary fund net position amounted to \$36,157,822.

Water Revenue Fund

The Water Revenue Fund accounts for revenues of the City's water and sewer systems. Operating revenue increased by \$916,515 or 18.21% from the prior year. Operating expenses also increased by a total of \$74,593. Unrestricted net position at the end of the fiscal year for the water revenue fund amounted to a negative \$2,632.

Sanitation Fund

There was an increase in operating revenue of \$140,681 or 8.18% from the prior year. Expenses increased by \$151,076. Unrestricted net position for the sanitation fund equaled negative \$546,915.

Golf Course Fund

The City entered into a Franchise Agreement in February 2017. As a result of the agreement, operating revenues booked decreased by \$158,487 from the prior year. Operating expenses also decreased by \$244,475 or 62%, exceeding operating revenues by \$82,737. Unrestricted net position for the golf course fund equaled positive \$16,163.

Airport Fund

Operating revenue increased by \$56,049, compared to last year's operating revenue increase of \$80,380. Unrestricted net position decreased by \$169,376 from the prior year. This resulted in a continued negative unrestricted net position balance of \$280,672 at fiscal year-end.

Other factors concerning the finances of these four funds have already been addressed in the discussion of the City's business-type activities above.

General Fund Budgetary Highlights

A comparison of actual revenues versus the final budget reflects that actual revenues, excluding transfers, were \$511,825 more than budgeted.

Significant variances in actual versus final budget expenditures were as follows:

- General government actual expenditures were \$169,770 less than final budget primarily due to multiple budgeted positions remaining vacant.
- Transportation actual expenditures were \$117,219 more than final budget primarily due to the expenditures related to storm clean up.
- Additionally, \$342,614 reserved for contingencies was unspent.

Capital Asset and Debt Administration

City of Palatka Capital Assets (Net of Depreciation) For the Years Ended September 30, 2018 and 2017

Capital Assets

The capital assets of the governmental funds are those assets used in the performance of general governmental functions and exclude the assets of the Enterprise Funds. As of September 30, 2018, the governmental capital assets of the City amounted to \$17,572,194, net of depreciation. This was an increase of \$2,212,679 over the prior year. Capital assets are recorded at historical cost or estimated historical cost, except for contributed assets, which are recorded at estimated acquisition value at the date of contribution.

The City's investment in capital assets for its governmental and business-type activities as of September 30, 2018, (net of accumulated depreciation) amounts to \$65,843,140. This investment in capital assets includes land, buildings, infrastructure, improvements, furniture, equipment, water and sewer distribution system and construction in progress. The total increase in the City's net investment in capital assets was \$1,895,561.

Major capital asset events during the fiscal year occurred in multiple funds. The city received various grants and private contributions that paid for project costs at the airport and the City's riverfront and historic districts. The capital asset expenditures were for the following:

- Completed January 2018- Rehabilitation of Runway 17-35 and Taxiway C Pavement and Lighting
- Completed June 2018- Runway 17-35 and 9-27 Marking Rehabilitation
- Completed March 2018- T Hangar Taxiway Pavement Rehabilitation
- Construction of Airport Security Fencing- Multi-Year Project, on-going
- Purchase of a fire truck, skid steer, dump truck, back hoe, two (2) utility trucks, street sweeper and a clamshell
- Completed August 2018- Water Taxi Terminal Facility
- Completed April 2018- Nature Based Playground at Riverfront Park
- Completed August 2018- Riverfront Vaulted Stormwater Ponds
- Completed March 2018- Phase I South Historic District Stormwater Project
- Completed March 2018- Booker Park Stormwater Pond
- Installation of Generator at Wastewater Treatment Plant
- Completed June 2018- Phase IV of Southern Riverfront Improvements
- Improvements to Ball field at Fred Green Park and Forrester Field

Additional information on the City's capital assets is found in Note 5 in the notes to the financial statements.

Long-Term Debt

At September 30, 2018, the City had \$1,632,751 of revenue bonds, notes payable and capital leases from specific general fund revenue sources other than ad valorem taxes. Also outstanding were \$6,445,000 Florida Municipal Loan Council Revenue Bonds, Series 2010A, payable from communication service tax revenue, half-cent sales tax revenue and public service tax revenues; \$79,663 Water Reuse System Construction loan, payable from the net revenues of the Water and Sewer system; \$2,705,727 Drinking Water State Revolving Fund Loan payable from the net revenues of the water and sewer system including connection fees; \$754,000 Taxable Golf Course Revenue Note payable from the net revenues of the Golf Course and non-ad valorem taxes; \$257,000 Airport Hangar Revenue notes and a \$435,000 Airport Terminal Revenue Note payable from the net revenues of the Airport and non-ad valorem taxes and \$630,775 in capital leases payable.

At the end of the current fiscal year, the City had total debt outstanding of \$13,057,772. Of this amount, \$4,855,244 comprises debt backed by the full faith and credit of the City, \$1,639,672 capital leases, \$117,856 water/sewer agreements with other agencies and the remainder represents bonds and notes secured solely by specified revenue sources (i.e., revenue bonds).

**City of Palatka
Long-Term Debt Obligations
For the Years Ended September 30, 2018 and 2017**

	Governmental Activities		Business-type Activities		Total Primary Govt	
	2018	2017	2018	2017	2018	2017
Revenue Bonds	\$ -	\$ -	\$ 6,445,000	\$ 6,620,000	\$ 6,445,000	\$ 6,620,000

Total	\$ 1,632,751	\$ 1,555,466	\$ 11,425,021	\$ 12,290,468	\$ 13,057,772	\$ 13,845,934

The City's total long-term debt decreased \$788,162 from the prior year.

Governmental Activities:

- Governmental obligations for compensated absences increased by 0.55% or \$2,000.
- Total OPEB obligations increased by \$155,963 (84.39%) to arrive at a total obligation of \$184,809.
- Net pension liability increased by \$880,958 (15.47%) to arrive at a total obligation of \$6,574,820.

Business-type activities:

- Compensated absences decreased by 128.57% or \$9,000.
- Total OPEB obligations increased by \$87,784 (89.73%) to arrive at a total obligation of \$185,614.
- Net pension liability decreased by \$36,983 (1.15%) to arrive at a total obligation of \$3,168,659.

Additional information on the City's long-term liabilities can be found in Note 6 in the notes to the financial statements.

Economic Factors and Next Year's Budgets and Rates

The Budget serves as the annual financial plan for the City. It articulates public priorities, helps management make informed choices about the allocation of resources, promotes effective communications, establishes broad goals and management strategies to guide decision making and develops approaches to achieve those goals.

For the FY 2018-2019 budget, City staff proposed a balanced General Fund budget without the use of reserves to balance the budget. The City Commission kept the City's millage rate the same as FY 2017-2018, 6.4000 mills. The inclusion of the annual special assessment for fire protection services allows for the millage rate to avoid an increase.

Water and sewer base meter rates were increased to accommodate for inflation resulting in the Utility Fund budget being balanced with some funds anticipated to be put into reserves. Solid waste rates were increased by 6.5% along with the anticipation of increasing rates the same amount for this fiscal year and next. These increases are necessary in order to balance the Sanitation fund's revenues versus expenditures to ensure the long term sustainability of the fund.

Additionally, the City continues to assess various cost cutting and revenue enhancing activities at the Palatka Municipal Airport in order to move this community asset toward financial solvency.

Request for Information

This financial report is designed to provide a general overview of the City's finances for all of those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to Finance Director, 201 N. 2nd Street, Palatka, Florida 32177.

City of Palatka, Florida

Statement of Net Position

**Reconciliation of the Balance Sheet to the Statement of Net Position
Governmental Funds
September 30, 2018**

Fund balances – total governmental funds	\$	3,140,524
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets used in governmental activities are not reported in the governmental funds.		
Capital assets – net		17,572,194
Long-term liabilities are not reported in the governmental funds.		
Bonds and notes payable		(623,854)
Capital leases		(1,008,897)
Compensated absences		(368,000)
Total OPEB liability		(340,772)
Net pension liability		(6,574,820)
The timing of revenue recognition sometimes differs between governmental funds and governmental activities.		
Unavailable revenue		120,213
Deferred outflows and inflows associated with pensions and OPEB are not reported in the governmental funds.		
Deferred outflows - pensions		1,491,790
Deferred inflows - pensions		(56,031)
Deferred inflows - OPEB		(27,402)
Net position of governmental activities	\$	13,324,945

See accompanying notes.

See accompanying notes.

**Reconciliation of the Statement of Revenues, Expenditures and Changes in
Fund Balances to the Statement of Activities
Governmental Funds
Year ended September 30, 2018**

Net change in fund balances – total governmental funds \$ 191,098

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is depreciated over their estimated useful lives.

Acquisitions of capital assets	3,215,979
Loss on disposal of capital assets	(45,724)
Current year depreciation expense	(957,576)

The issuance of long-term debt provides current financial resources in governmental funds but does not effect net position of governmental activities.

Capital lease	(680,000)
---------------	-----------

Repayment of debt principal is an expenditure in the governmental funds, but the repayment does not effect net position of governmental activities.

Principal retirement	602,715
----------------------	---------

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Compensated absences	(2,000)
----------------------	---------

The timing of revenue recognition sometimes differs between governmental funds and governmental activities.

Change in unavailable revenue	(460,599)
-------------------------------	-----------

Net changes in net pension liability and total OPEB liability and related deferred outflows and inflows are reported in the statement of activities but not in the governmental funds

Net pension liability	(880,958)
Deferred outflows-pension	(951,482)
Deferred inflows-pension	928,291
Total OPEB liability	(4,887)
Deferred inflows-OPEB	(27,402)

Change in net position of governmental activities **\$ 927,455**

See accompanying notes.

Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The City of Palatka, Florida (the “City”), which is located in northeast Florida, was incorporated January 8, 1853 under the Laws of the State of Florida, Chapter 492. The City operates under an elected Mayor-Commissioner and a Board of Commissioners (four members) and provides human services, community enrichment and development, law enforcement, fire protection and rescue service.

As required by generally accepted accounting principles, the accompanying financial statements present the City as a primary government and its component units, entities for which the City is considered financially accountable, or entities that would be misleading to exclude. The component units are included in the reporting entity because of the significance of their operational relationship with the City. The City is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization’s governing body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the primary government. The primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

Blended component units, although legally separate entities, are in substance part of the City’s operations and, accordingly, data from these units are combined with the data of the City. Discretely presented component units, on the other hand, are reported in a separate column in the government-wide financial statements to emphasize they are legally separate from the City.

Blended Component Unit

The Palatka Downtown Redevelopment Agency (the “Agency”) is a legally separate entity created pursuant to Florida Statutes following the adoption of an approving Resolution (No. 4-12, dated November 10, 1983) by the City. The Agency is governed by a five-member board whose members are the same as the City Commission, and a financial benefit or burden relationship exists. The operations of the Agency are reported in a governmental fund.

Discretely Presented Component Unit

The Palatka Gas Authority (the “Gas Authority”) was created by an Act of the Florida Legislature (Ch. 59-1679, Act 1959) and ratified by election on November 10, 1959. The members of the Gas Authority’s governing board are appointed by the City Commission. Additionally, bond issues and operational and capital budgets must be approved by the City Commission. Annually, the Gas Authority provides a contribution to the City from its net income. The contribution is a minimum of one-half of annual profits.

Complete financial statements of the Gas Authority can be obtained directly from:

The Palatka Gas Authority

518 Main Street
Palatka, Florida 32177

Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Related Organization

The Palatka Housing Authority (the “Housing Authority”) was established by the City in 1962 pursuant to Chapter 421, Florida Statutes. The purpose of the Housing Authority is to provide affordable housing to the Palatka community and surrounding areas. The Housing Authority is considered a related organization because its Board members are appointed by the Mayor of the City of Palatka. The City is not financially accountable for the Housing Authority, nor does it meet other criteria of a component unit and, accordingly, the Housing Authority is not included in the accompanying financial statements.

Joint Ventures

The City did not participate in any joint ventures during the 2017-2018 fiscal year.

Basis of Presentation

The financial statements of the City have been prepared in accordance with generally accepted accounting principles (GAAP) as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and financial reporting principles. The more significant of the City’s accounting policies are hereafter described.

Government-wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the City and its component units. For the most part, the effect of interfund activity has been removed from these statements. Interfund services provided and used, if any, are not eliminated in the process of consolidation. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees charged to external parties.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function. *Program revenues* include: charges for services that are directly related to a given function; and grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other revenues not properly included among program revenues are reported instead as *general revenues*.

Fund Financial Statements

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements, but all nonmajor funds are aggregated and displayed in a single column. The governmental fund financial statements include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for the governmental funds.

Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The City reports the following major governmental funds:

General Fund – the primary operating fund, used to account for and report all financial resources not accounted for and reported in another fund.

Downtown Redevelopment Agency Fund – to account for the collection and use of tax increment funds of the City’s Downtown Redevelopment Agency.

Better Place Plan Capital Project Fund – to account for revenues received from a discretionary surtax imposed to finance certain capital projects.

The City reports the following major enterprise funds:

Water Fund – to account for the assets, operation and maintenance of the City-owned water and sewer system.

Sanitation Fund – to account for the assets, operation and maintenance of the City’s solid waste department.

Golf Course Fund – to account for the assets, operation and maintenance of the City-owned golf course, which is operated by a third-party vendor.

Airport Fund – to account for the assets, operation and maintenance of the City-owned airport.

The City has one nonmajor governmental fund.

Additionally, the City reports the following fiduciary funds:

Pension Trust Funds – to account for activities of the City’s pension plans.

Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of related cash flows.

Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental funds are accounted for using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they become measurable and available as net current assets. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. Taxes and certain intergovernmental revenues constitute the most significant sources of revenue considered susceptible to accrual. In governmental funds, expenditures are generally recognized when the related liability is incurred. However, debt service expenditures, and expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents

For purpose of the Statement of Cash Flows, the City considers all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

Accounts Receivable

Receivables are stated at net realizable value, reduced by an allowance for uncollectable accounts, where appropriate. Accounts receivable of the Enterprise Funds are net of a \$52,314 allowance. Accounts receivable of the Gas Authority are net of \$18,933 allowance.

Investments

Investments are reported at fair value based on quoted market prices when available, except for money market investments, which are reported at cost, which approximates fair value.

Inventories

Inventories are stated at cost, based on the first-in, first-out method. Expense is charged as items are consumed.

Long-Term Receivables

Noncurrent portions of long-term receivables due to governmental funds are reported on the balance sheet, without regard to the fund's measurement focus. However, special reporting treatment is used to indicate that these receivables are not considered "available spendable resources," since they do not represent net current assets. Recognition of governmental fund revenues represented by noncurrent receivables is deferred until they become current receivables. Noncurrent portions of long-term loans and advances receivable are offset by a nonspendable fund balance account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

Capital Assets

Capital assets are recorded at historical cost or estimated historical cost, except for contributed assets which are recorded at estimated acquisition value at the date of contribution. The City generally uses a capitalization threshold of \$5,000 for all classes of capital assets, other than intangible assets and infrastructure. Intangible assets, such as computer software, have a capitalization threshold of \$10,000. General infrastructure assets, such as dirt to pavement roads, mill and resurface road projects and all sidewalk projects, have a capitalization threshold of \$100,000.

The City began prospective reporting of general infrastructure assets at the effective date of GASB Statement No. 34. Effective October 1, 2006, the City began retroactive reporting of all major general governmental infrastructure assets. The estimated cost of the initial reporting of these assets was obtained through backtrending (i.e. estimating the current replacement cost of the infrastructure and using appropriate indices to deflate the cost to the estimated acquisition year). The reported values exclude basic road resurfacing, or other normal maintenance and repairs that do not increase the capacity or efficiency of the item or extend its useful life beyond the original estimate.

Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Depreciation and amortization of capital assets is provided using the straight-line method over the estimated useful lives of the assets, which range as follows:

	Years
Buildings and improvements	30
Furniture and equipment	3 – 10
Intangibles	10
Water and sewer distribution system	15 – 50
Plant assets and equipment	20 – 50
General infrastructure	35 – 50

For its business-type activities, the City’s policy is to capitalize construction period interest costs on projects funded specifically through debt financing. Interest earnings are offset against construction costs for qualified projects financed with tax-exempt debt. No interest costs were capitalized during 2018.

Claims and Judgments

For governmental funds, a fund liability is reported to account for the portion of the liability that will be liquidated with expendable available financial resources. The liability is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements.

Compensated Absences

The City’s policy is to allow limited vesting of employee vacation pay and accumulated sick leave. A liability for accrued compensated absences of employees of the governmental funds has been accrued. Since this liability will not be liquidated with expendable available financial resources, the liability has not been reported in the governmental funds. A liability for compensated absences is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. In prior years, compensated absence liabilities associated with governmental funds were liquidated by the General Fund and Downtown Redevelopment Agency Fund, the funds that incurred the liabilities.

Property Taxes

The Putnam County Tax Collector bills and collects property taxes for the City. At September 30, 2018, property taxes receivable was not material.

Details of the City’s tax calendar are presented below:

Lien date	January 1
Levy date	October 1
Discount period	November - February
No discount period	March
Delinquent date	April 1

Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Operating Revenues and Expenses

The enterprise funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with an enterprise fund's principal ongoing operations. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, the information about the fiduciary net position of the City's General, Police Officers', and Firefighters' Pension Plans (the "Plans") and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by the Plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Deferred Outflow/ Inflows of Resources

A *deferred outflow of resources* is a consumption of net assets that is applicable to a future reporting period.

A *deferred inflow of resources* is an acquisition of net assets that is applicable to a future reporting period.

Restricted Net Position

In the accompanying government-wide and proprietary funds' statements of net position, *restricted net position* is subject to restrictions beyond the City's control. The restriction is either externally imposed (for instance, by creditors, grantors, contributors, or laws/regulations of other governments) or is imposed by law through constitutional provisions or enabling legislation.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

The City has no net position restricted by enabling legislation.

Fund Balance

The City follows the provisions of GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* to classify fund balances for governmental funds into specifically defined classifications. The classifications comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in the funds can be spent.

Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The fund balance classifications specified in GASB Statement No. 54 are as follows:

Nonspendable Fund Balance – Nonspendable fund balances are amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted Fund Balance – Restricted fund balances are restricted when constraints placed on the use of resources are either: (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance – Committed fund balances are amounts that can only be used for specific purposes as a result of constraints imposed by formal action of the City’s highest level of decision-making authority, which is by ordinance approved by the City Commission. Committed amounts cannot be used for any other purpose unless the City removes those constraints by taking the same type of action.

Assigned Fund Balance – Assigned fund balances are amounts that are constrained by the City’s intent to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by (a) the City Commission or (b) a body or official to which the Commission has delegated the authority to assign amounts to be used for specific purposes. At this point in time, only the Commission has the authority to assign fund balances.

Unassigned Fund Balance – Unassigned fund balance is the residual classification for the General Fund.

The City’s policy is to expend resources in the following order: restricted, committed, assigned, and unassigned.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make various estimates. Actual results could differ from those estimates.

NOTE 2 – DEPOSITS AND INVESTMENTS

Deposits and investments are classified in the accompanying financial statements as follows:

	Primary Government	Component Unit
Statement of net position:		
Cash and equivalents	\$ 4,454,353	\$ 452,052
Investments	-	2,110,953
Restricted cash and equivalents	95,722	-
Restricted investments	484,246	-
Statement of fiduciary net position:		
Investments	37,078,263	-
Total deposits and investments	\$ 42,112,584	\$ 2,563,005

Notes to Financial Statements

NOTE 2 – DEPOSITS AND INVESTMENTS (CONTINUED)

For purpose of risk disclosures, deposits and investments are comprised of the following:

	Primary Government	Component Unit
Deposits with financial institutions, including certificates of deposit	\$ 4,550,075	\$ 2,563,005
Investments - other than pension	484,246	-
Investments - pension	37,078,263	-
Total deposits and investments	\$ 42,112,584	\$ 2,563,005

Deposits

All of the City’s and the Gas Authority’s demand deposits, certificates of deposit, and money market accounts are held in qualified public depositories pursuant to Chapter 280, Florida Statutes, and are entirely insured by Federal depository insurance or collateralized pursuant to the Florida Security for Public Deposits Act.

Investments

Section 218.415, Florida Statutes, authorizes the City to invest excess public funds in the following:

- ◆ Direct obligations of the U.S. Treasury;
- ◆ Savings accounts and interest bearing deposits in qualified public depositories;
- ◆ The Local Government Surplus Funds Trust Fund;
- ◆ Securities and Exchange Commission registered money market funds with the highest credit quality rating.

The City’s investments at September 30, 2018 are summarized in the following table:

		Maturities		
		0-5 yrs	5-10 yrs	10+ yrs
Pension investments:				
Money market & other cash equivalents	\$ 1,430,044	\$ 1,430,044	\$ -	\$ -
Government bonds and notes	2,289,174	739,334	321,597	1,228,243
Corporate bonds and notes	6,550,363	5,713,363	837,000	-
Mutual funds (equities)	11,195,513	11,195,513	-	-
Mutual funds (REIT)	741,987	741,987	-	-
Mutual funds (ETF Equities)	9,302,870	9,302,870	-	-
Mutual funds (taxable-equity)	5,568,312	5,568,312	-	-
Total pension investments	37,078,263	34,691,423	1,158,597	1,228,243
Other investments:				
Government bonds and notes	484,246	-	-	-
Total	\$ 37,562,509	\$ 34,691,423	\$ 1,158,597	\$ 1,228,243

Notes to Financial Statements

NOTE 2 – DEPOSITS AND INVESTMENTS (CONTINUED)

The City’s investments in debt securities are rated as follows:

Corporate Bonds and Notes		Government Bonds and Notes	
AAA	-	AAA	58%
AA1	-	-	-
AA2	-	-	-
AA3	-	-	-
A1	27%	-	-
A2	6%	-	-
A3	53%	-	-
BAA1	8%	-	-
BAA2	6%	-	-
Not rated	-	Not rated	42%
	100%		100%

The City’s investments in mutual funds and money markets are not rated for credit quality by a nationally recognized statistical rating organization.

The City is not exposed to foreign currency risk, but is exposed to the following investment risks:

Credit Risk – the risk that an issuer or other counterparty to an investment will not fulfill its obligations.

Interest Rate Risk – the risk that changes in interest rates will adversely affect the fair value of an investment.

Concentration of Credit Risk – the risk of loss attributed to the magnitude of a government’s investment in a single issuer.

The City does not have a formal investment policy relating to the aforementioned risks, other than Section 218.415, Florida Statutes, for investing public funds. That statute limits the City’s exposure to credit risk and interest rate risk by limiting authorized investment options as previously described. However, the City’s three pension plans have each adopted investment policies that address the risks described above and set other investing guidelines. Those policies require the investments to be structured in such a manner as to provide sufficient liquidity to pay obligations as they come due. To the extent possible, an attempt must be made to match investment maturities with known cash needs and anticipated cash-flow requirements. Furthermore, the policies of the Police Officers’ and Firefighter Plans require diversification to the extent practical to control the risk of loss resulting from over-concentration of assets in a specific maturity, issuer, instrument, dealer or bank in which the financial instruments are bought and sold.

The policies of the General Pension Plan place restrictions on investments, including limits as to quality ratings of at least Standard & Poor’s A1 or Moody’s P-1 for cash instruments; Standard and Poor’s BBB or Moody’s Baa for bonds or other evidences of indebtedness; corporations listed on one or more of the recognized national exchanges or on the National Market System of the NASDAQ stock market for equities; real estate investments (REITs) that trade on a major exchange; or

Notes to Financial Statements

NOTE 2 – DEPOSITS AND INVESTMENTS (CONTINUED)

obligations issued by the United States Government or guaranteed as to principal and interest by the United States Government or an agency of the United States Government.

NOTE 3 – FAIR VALUE MEASUREMENT

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The City has the following recurring fair value measurements as of September 30, 2018:

- Government bonds and notes – U.S. Treasury bonds and notes are valued using quoted market prices. U.S. Agencies are valued using a matrix pricing model.
- Corporate bonds and notes – Valued using quoted market prices
- Mutual funds – Valued at the daily closing price as reported by the fund.

The following table summarizes the City’s assets for which fair values are determined on a recurring basis:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments:				
Government bonds and notes:				
U.S. Treasury bonds and notes	\$ 1,332,716	\$ 1,332,716	\$ -	\$ -
U.S. Agencies	956,458	-	956,458	-
Corporate bonds and notes	6,550,363	6,550,363	-	-
Mutual funds (equities)	11,195,513	11,195,513	-	-
Mutual funds (REIT)	741,987	741,987	-	-
Mutual funds (ETF equities)	9,302,870	9,302,870	-	-
Mutual funds (taxable-equity)	5,568,312	5,568,312	-	-
Mutual funds (taxable)	-	-	-	-
Total pension investments	35,648,219	34,691,761	956,458	-
Other investments:				
Government bond and notes	484,246	484,246	-	-
Total investments	\$ 36,132,465	\$ 35,176,007	\$ 956,458	\$ -

Notes to Financial Statements

NOTE 4 – INTERFUND BALANCES AND TRANSFERS

At September 30, 2018, interfund balances consist of a long-term advance from the General Fund to the Airport Fund of \$162,742.

Interfund transfers for the year ended September 30, 2018 consisted of the following:

Fund Type/Fund	Transfers In	Transfers Out
General fund	\$ 958,580	\$ 482,568
Downtown redevelopment agency fund	-	799,483
Better place plan fund	736,437	-
CDBG fund	-	38,220
Major enterprise funds:		
Water	332,031	656,127
Sanitation	-	295,152
Golf course	299,718	256
Airport	-	54,960
Total	\$ 2,326,766	\$ 2,326,766

The interfund transfers were made in the normal course of operations and are consistent with the activities of the fund making the transfer.

Notes to Financial Statements

NOTE 5 – CAPITAL ASSET ACTIVITY

During the year ended September 30, 2018, the following changes in capital assets occurred:

Primary Government	Balance October 1, 2017	Increases	Decreases	Balance September 30, 2018
Governmental activities				
Capital assets not being depreciated:				
Land and improvements	\$ 3,358,501	\$ 26,985	\$ 19,062	\$ 3,366,424
Construction in progress	2,407,517	20,883	1,405,784	1,022,616
Total capital assets not being depreciated	5,766,018	47,868	1,424,846	4,389,040

NOTE 6 – LONG-TERM OBLIGATIONS

Long-term debt is described below:

Governmental Activities

\$850,000 Fire truck loan, payable in quarterly installments through 10/1/2021, plus interest at 3.85%, revenue source - non-ad valorem revenues. \$ 231,854

\$1,890,000 Infrastructure Surtax Revenue Bonds, amended Series 2008, payable in annual installments ranging from \$111,000 to \$281,000 through October 2019, plus interest at 2.35%, payable semiannually, secured by the One-Cent Infrastructure Surtax and non-ad valorem revenues. The approximate amount of the pledge is equal to the remaining principal and interest of \$400,871. During the current year, the City recognized infrastructure surtax revenues of \$936,623 and made \$295,171 principal and interest payments. 392,000

Total \$ 623,854

Notes to Financial Statements

NOTE 6 – LONG-TERM OBLIGATIONS (CONTINUED)

Business-Type Activities

\$7,665,000 Florida Municipal Loan Council Revenue Bonds, Series 2010A; payable in varying installments through October 1, 2040, bearing interest from 2.0% to 4.625%, secured by a pledge of Half-Cent Sales Tax Revenues, Public Service Tax Revenues, and Communications Service Tax Revenues. The approximate amount of the pledge is equal to the remaining principal and interest of \$10,315,169. During the current year, the City recognized pledged revenues of \$1,975,477, and made \$466,325 principal and interest payments. \$ 6,445,000

\$714,914 Water Reuse System State Revolving Loan; interest rate of 1.34%. Repayment began in September 2005 in 30 semiannual payments. Secured by a pledge of the net revenues of the water and sewer system after satisfaction of senior obligations. The approximate amount of the pledge is equal to the remaining principal and interest of \$80,198. During the current year, the City recognized net revenues of \$2,384,388, and made \$53,025 principal and interest payments. 79,663

\$4,268,622 Drinking Water State Revolving Fund Loan, plus capitalized interest of \$15,953, payable in semiannual installments of \$142,476, including interest at 2.61%, through January 2029, from net revenues of the water and sewer system. The proceeds were used to repay the portion of interim loan for construction of the drinking water treatment/distribution project, that was not covered by a DEP grant. The approximate amount of the pledge is equal to the remaining principal and interest of \$3,125,704. During the current year, the City recognized net revenues of \$2,384,388, and paid principal and interest payments in the amount of \$284,080. 2,705,727

\$528,000 Airport T-Hangar Revenue Refunding Note Series 2013B, plus interest at 3.75% paid semiannually through September 2023, from net revenues of the airport and non-ad valorem revenues. The approximate amount of the pledge is equal to the remaining principal and interest of \$283,644. During the current year, the City had recognized net revenues of \$30,482 and made \$58,988 principal and interest payments. 257,000

\$883,000 Airport Terminal Revenue Refunding Note Series 2013C, plus interest at 2.541%, paid semiannually through September 2023, from net revenues of the airport and non-ad valorem revenues. The approximate amount of the pledge is equal to the remaining principal and interest of \$464,984. During the current year, the City had recognized net revenues of \$30,482 and made \$88,502 principal and interest payments. 435,000

\$1,358,000 Taxable Golf Course Revenue Refunding Note, Series 2013A, payable in annual installments, plus interest at 4.25% payable semiannually through September 2023, from the net revenues of the Golf Course Facilities and non-ad valorem taxes. The approximate amount of the pledge is equal to the remaining principal and interest of \$844,886. During the current year, the City had deficit net revenues of \$20,206 and made \$169,274 principal and interest payments. 754,000

Total \$ 10,676,390

Total	\$ 7,951,213	\$ 1,797,845	\$ 832,715	\$ 8,916,343	\$ 691,041

In prior years, net pension liabilities and OPEB obligations associated with governmental funds were liquidated by the General Fund.

Beginning balance of the OPEB liability was restated for the implementation of GASB 75 related to OPEB liability. See Note 15 for more information.

Notes to Financial Statements

NOTE 6 – LONG-TERM OBLIGATIONS (CONTINUED)

Capital Leases

The City has a \$520,700, 1.62% capital lease for police vehicles due in semi-annual installments of approximately \$54,000, a 389,000, 2.04% capital lease for police vehicles due in semi-annual installments of approximately \$45,000, a \$56,400, 1.8% capital lease for a rescue vehicle due in semi-annual installments of approximately \$4,000, and a \$680,000, 3.38% capital lease for fire engine due in quarterly installments of approximately \$75,000 to \$85,000. These leases are payable from the General Fund and reported in governmental activities in furniture and equipment.

Additionally, the City has a \$257,100, 1.62% capital lease for a sanitation truck due in semi-annual payments of approximately \$20,000, a \$289,257, 2.04% capital lease for a sanitation truck in semi-annual payments of approximately \$23,000 and a 419,000, 1.80% capital lease for two sanitation trucks in semi-annual payments of approximately \$30,000. All three leases are payable from the Sanitation Fund and are reported in business-type activities in Furniture and equipment.

Future lease payments, together with the present value of the minimum lease payments, are summarized in the following tabulation:

Year Ending September 30,	Governmental Activities	Business-type Activities
2019	\$ 283,596	\$ 186,859
2020	174,987	155,383
2021	84,118	155,445
2022	93,418	109,395
2023	92,697	56,330
2024-2028	429,316	28,105
Less: amount representing interest	(149,235)	(60,742)
Present value of net minimum lease payments	\$ 1,008,897	\$ 630,775

Business-type Activities

The City has long-term water/sewer agreements with the St. Johns River Water Management District and Putnam County, which are liquidated when permit costs are incurred or new business hook-ups are made in the Highway 19 corridor. Beginning balance of the OPEB liability related to business-type activities was increased by \$87,661 for the implementation of GASB 75. See Note 15 for more information.

NOTE 9 – PENSION PLANS

Defined Benefit Plan

Plan Description. The City sponsors a single-employer public employee retirement system (the “System”) administered by the City of Palatka, Pension Boards of Trustees. The General Pension Board consists of five members, including the City Manager, two City Commission appointees, one member elected by a majority of the other covered General employees, and one citizen having financial experience appointed by the City Commission. The Police Officer Pension Board and Firefighters Pension Board each consist of two City Commission appointees, two members of the Plan elected by a majority of the other covered members and a fifth member elected by the other four board trustees and appointed by the City Commission. The System administers the City Employees Retirement Plan (the “Plan”) which provides three employee contributory defined benefit pension plans. Members of the Plan include employees of the City and the Palatka Gas Authority. Nonemployer contributions are made by the State of Florida on behalf of Police Officers and Firefighters who participate in the System. For the year ended September 30, 2018 the City recognized \$72,068 and \$73,764 in the General Fund for State contributions to the Police Officers’ and Firefighters’ Retirement Funds, respectively. The City accounts for the Plan in three Pension Trust Funds, corresponding to three benefit groups as follows:

General – all members not included in Police Officers and Firefighters

Police Officers – all state-certified police officers

Firefighters – all state-certified firefighters

The Plan provides for vesting of benefits after 7 years of creditable service. General plan members are eligible for retirement at the earlier of: 1) age 55 and 7 years of credited service, or 2) 30 years of credited service, regardless of age. Police officer members are eligible at the earlier of: 1) age 50 and 7 years of credited service, 2) age 55 and 10 years of credited service, 3) age 52 and 25 years of credited service, or 4) 30 years of credited service, regardless of age. Firefighter members are eligible at the earlier of: 1) age 50 and 7 years of credited service for those hired before January 1, 2016, or age 50 and 10 years of credited service for those hired on or after January 1, 2016, 2) age 55 and 10 years of credited service, or 3) 25 years of credited service, regardless of age. The Plan also provides for disability, retirement, termination and death benefits with eligibility and benefit provisions as described in the authorizing ordinance. For general, police officer, and firefighter members, annual benefits for plan years beginning October 1, 2014, are equal to total years of service times 2.5% of final average compensation (highest 3 consecutive years of the last 5). In addition, police officer and firefighter members also will receive a supplement funded with Chapter 185 or 175, F.S., as applicable, Premium Tax monies equal to 0.63% and 0.79%, respectively, of final average compensation times credited service. No other changes in benefit provisions have been made for the plan year beginning October 1, 2017. The minimum benefit for duty disability is 45% of final average compensation for general, police officer and firefighter members. The minimum benefit for non-duty disability for all members is 25% of final average compensation. A member who terminates with less than 7 years’ service may withdraw his or her member contributions.

The Boards of Trustees establish and may amend provisions of the plan related to participant eligibility, contribution requirements, vesting, and benefit provisions. However, these plan provisions are subject to minimum requirements established in Chapters 112, 175, and 185, Florida Statutes. The Plan does not issue a stand-alone financial report.

Notes to Financial Statements

NOTE 9 – PENSION PLANS (CONTINUED)

Current membership in the Plan as of September 30, 2018 is as follows:

	General	Police Officers	Fire Fighters	Total
Inactive plan members or beneficiaries				
currently receiving benefits	111	29	14	154
Inactive plan members entitled to but				
not yet receiving benefits	22	10	4	36
Active plan members	82	28	21	131
Total	215	67	39	321

Contributions. Contributions consist of the remaining amount required in order to pay current costs and amortize unfunded past service cost, if any, as provided in Chapter 112, Florida Statutes. Employees are required to contribute 6.00% of their annual salary.

Concentrations. As of September 30, 2018, the Plans did not hold investments in any one organization that represents 5% or more of the Plans’ fiduciary net position.

Rate of Return. For the year ended September 30, 2018 the annual money-weighted rate of return on General, Police Officers and Firefighters Pension Plans investments, net of pension plan investment expense was 5.61%, 7.27%, and 7.18%, respectively. The money-weighted rate of return expresses investment performance, net of investment expense adjusted for the changing amounts actually invested.

Deferred Retirement Option Program (DROP). Eligibility is met with satisfaction of normal retirement requirements. Participation is not to exceed five years, or for police officers and firefighters, beyond attaining 35 or 34 years, respectively, of credited service, if earlier. General and Police DROP participants may choose actual net rate of return as reported by the Fund’s monitor each September 30 or a fixed 6.5% per annum compounded monthly. Effective beginning with the year ending September 30, 2008 the rate of return was limited to 0% for general members in DROP. Rate for Firefighter DROP participants is the greater of: 1) net rate of investment return or 2) 5.0%. The DROP balance as of September 30, 2018 was \$519,459, \$285,050 and \$0, respectively, for general, police officer and firefighters.

Net Pension Liability. The City’s net pension liability was measured as of September 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation dated September 30, 2017 and rolled forward to that date.

Notes to Financial Statements

NOTE 9 – PENSION PLANS (CONTINUED)

The components of the net pension liability for the plans at September 30, 2018 were as follows:

	City of Palatka- General	Palatka Gas Authority	Total General Retirement Fund
Total pension liability	\$ 19,403,724	\$ 5,825,406	\$ 25,229,130
Plan fiduciary net position	(14,092,529)	(4,230,874)	(18,323,403)
Net pension liability	\$ 5,311,195	\$ 1,594,532	\$ 6,905,727

Plan fiduciary net position as a percentage of the total pension liability	73%	73%	73%
--	-----	-----	-----

	Police Officers'	Firefighters'
Total pension liability	\$ 13,284,115	\$ 10,190,234
Plan fiduciary net position	(11,492,359)	(7,549,706)
Net pension liability	\$ 1,791,756	\$ 2,640,528

Plan fiduciary net position as a percentage of the total pension liability	87%	74%
--	-----	-----

Actuarial assumptions. The total pension liability was determined by an actuarial valuation as of October 1, 2017, rolled forward to September 30, 2018, using the following actuarial assumptions, applied to all periods included in the measurement:

	General	Police Officers'	Firefighters'
Investment rate of return	7.7%	7.7%	7.7%
Projected salary increases*	Service based	Service based	Service based
* Includes inflation at	2.7%	2.7%	2.7%
Post Retirement COLA	0.0%	0.0%	0.0%
Mortality rates	RP-2000 Table	RP-2000 Table	RP-2000 Table

The most recent actuarial experience study for which significant assumptions are based upon was dated September 20, 2016 for the General Plan, and September 19, 2016 for Police Officers' and Firefighters' Plans.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Notes to Financial Statements

NOTE 9 – PENSION PLANS (CONTINUED)

Best estimates of arithmetic real rates of return for each major asset class included in all three pension plans' target asset allocations as of September, 30 2018 are summarized in the following table:

Asset class:	General	Police Officers	Firefighters'	All Plans Long-term
	Target Allocation	Target Allocation	Target Allocation	Expected Real Rate of Return
Domestic equity	27%	32%	32%	8.10%
International equity	15%	15%	15%	3.40%
Bonds	34%	25%	25%	3.60%
High yields bonds	5%	5%	5%	5.60%
Convertibles	8%	8%	8%	6.70%
REITS	5%	5%	5%	6.80%
MLPs	5%	5%	5%	9.10%
Cash	1%	5%	5%	0.70%
Total	100%	100%	100%	

Discount Rate. The discount rate used to measure the total pension liability was 7.70% for each Plan. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in the Net Pension Liability (General)

NOTE 9 – PENSION PLANS (CONTINUED)

Sensitivity of the net pension liability to changes in the discount rate. The following presents the net pension liability of the City, calculated using the discount rate of 7.70%, as well as what the City’s net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1 percentage point higher than the current rate:

Net Pension Liability	1% Decrease 6.70%	Current Discount Rate	
		7.70%	1% Increase 8.70%
General	\$ 9,544,799	\$ 6,905,727	\$ 4,685,217
Police officers'	3,419,677	1,791,756	449,738
Firefighters'	3,935,393	2,640,528	1,570,364

Pension expense and deferred outflows of resources and deferred inflows of resources. For the year end September 30, 2018 the City recognized pension expense of \$1,761,353, \$759,986, and \$593,595 relating to the General, Police Officers’, and Firefighters’ plans respectively. At September 30, 2018 the City reported deferred outflows and inflows of resources relating to the General, Police Officers’, and Firefighters’ pensions from the following sources:

	General			
	Deferred Outflows of Resources		Deferred Inflows of Resources	
Differences between expected and actual experience	\$ 151,669	\$ -		
Changes of assumptions	245,142	-		
Difference between projected and actual earnings on pension plan investments	465,733	-		
Total	\$ 862,544	\$ -		

	Police Officers'		Firefighters'	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources

Total	\$ 558,767	\$ -	\$ 665,414	\$ 56,031

Notes to Financial Statements

NOTE 9 – PENSION PLANS (CONTINUED)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending September 30,	General	Police Officers'	Firefighters'
2019	\$ 665,336	\$ 549,420	\$ 257,392
2020	78,584	53,669	82,925
2021	40,851	(56,309)	100,836
2022	77,773	11,987	89,317
2023	-	-	78,913
Thereafter	-	-	-
Total	\$ 862,544	\$ 558,767	\$ 609,383

Deferred Compensation Plan

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The City has complied with the requirements of subsection (g) of IRC Section 457 and, accordingly, all assets and income of the plan are held in trust for the exclusive benefit of the participants and their beneficiaries. Consequently, the plan is not reported in the City’s financial statements.

NOTE 10 – OTHER POSTEMPLOYMENT BENEFITS

Plan Description

The City sponsors and administers a single-employer defined benefit plan for postemployment benefits other than pension benefits (OPEB Plan).

The City’s health care plan includes certain health care benefits for retired employees of the City, including its component unit, the Palatka Gas Authority. Substantially all employees may become eligible for those benefits if they reach normal retirement age while working for the City or Palatka Gas Authority. The premiums for the retirees are deducted from their pension account, and are entirely paid by those participants. The City pays no portion of the premiums attributable to the retirees, but does contribute any remaining amount necessary for payment of claims. In future years, contributions are assumed to increase at the same rate as premiums.

For purposes of applying Paragraph 4 under Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, the Plan does not meet the requirements for an OPEB plan administered through a trust, and the City has not established a qualifying trust for the OPEB plan. The OPEB Plan does not issue a stand-alone financial report.

The City Commission can amend the benefit provisions provided by the OPEB Plan.

Notes to Financial Statements

NOTE 10 – OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Benefits Provided

The OPEB Plan provides an implicit health insurance subsidy for retirees of the City and Palatka Gas Authority. The plan allows employees who retire and meet retirement eligibility under one of the City’s retirement plans (and their spouses and eligible dependents) to continue medical insurance coverage as a participant in the City’s health insurance plan. The retiree pays 100% of the blended group rate premium.

Contributions

The contribution requirements of plan members and the participating employers are established and may be amended by the City. The City’s required contribution, actuarially determined, is based on a combination of projected pay-as-you-go financing, with an additional amount to prefund benefits when earned. Contributions are not based on a measure of pay. The contractually required contribution for the year ended September 30, 2018 was \$13,800. Actual contributions to the OPEB Plan were \$13,800 for the year ended September 30, 2018. Retiree plan members receiving benefits contributed to pay-as-you-go financing through their required contributions for health insurance premiums.

Total OPEB Liability

The measurement date is September 30, 2018, based on an actuarial valuation dated October 1, 2017 and rolled forward to September 30, 2018. The reporting period is October 1, 2017 through September 30, 2018.

The Sponsor’s total OPEB liability of \$574,657 (comprised of \$526,386 for City and \$48,271 for Palatka Gas Authority) was measured as of September 30, 2018.

Actuarial Assumptions and Other Inputs

Inflation rate	2.50%
Salary increase rate(s)	Varies by service
Discount rate	4.18%
Initial trend rate	8.50%
Ultimate trend rate	4.00%
Years to ultimate	55

All mortality rates were based on the RP-2000 mortality tables.

Discount Rate

All future benefit payments were discounted using a high-quality municipal bond rate of 4.18%. The rate was based on the week closest but not later than the measurement date of the Bond Buyer 20-Bond Index as published by the Federal Reserve. This index consists of 20 general obligation bonds that mature in 20 years. The average rating of the 20 bonds is roughly equivalent to Moody’s Investors Service’s Aa2 rating and Standard & Poor’s Corp.’s AA.

Notes to Financial Statements

NOTE 10 – OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Change in Total OPEB Liability

Changes for the year:	
Service cost	\$ 47,262
Interest	22,375
Changes of assumptions	(55,452)
Benefit payments	(13,800)
Net changes	385
Total OPEB liability - beginning of reporting period	574,272
Total OPEB liability - end of reporting period	\$ 574,657

Changes in assumptions reflect a change in the discount rate from 3.64% for the reporting period ended September 30, 2017, to 4.18% for the reporting period ended September 30, 2018.

Sensitivity of the Total OPEB Liability to changes in the Discount Rate

The following presents the total OPEB liability of the Sponsor, as well as what the Sponsor’s total OPEB liability would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current discount rate:

	Current Discount		
	1% Decrease	Rate	1% Increase
	3.18%	4.18%	5.18%
Total OPEB liability	\$ 684,374	\$ 574,657	\$ 490,827

Sensitivity of the Total OPEB Liability to changes in the Healthcare Cost Trend Rates

The following presents the total OPEB liability of the Sponsor, as well as what the Sponsor’s total OPEB liability would be if it were calculated using healthcare cost trend rates that are one percentage-point lower or one percentage-point higher than the current healthcare cost trend rates:

	Healthcare Cost		
	1% Decrease	Trend Rates	1% Increase
	3.00% - 7.50%	4.00% - 8.50%	5.00% - 9.50%
Total OPEB liability	\$ 478,054	\$ 574,657	\$ 702,298

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended September 30, 2018, the Sponsor will recognize OPEB expense of \$70,395, including \$5,913 for the Palatka Gas Authority.

Notes to Financial Statements

NOTE 10 – OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

On September 30, 2018, the Sponsor reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ -
Changes of assumptions	-	46,210
Total	\$ -	\$ 46,210

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ending September 30,	
2019	\$ (9,242)
2020	(9,242)
2021	(9,242)
2022	(9,242)
2023	(9,242)
Thereafter	-
Total	\$ (46,210)

NOTE 11 – RISK MANAGEMENT

The City is exposed to various risks of loss related to general liability, workers' compensation, public liability, law enforcement liability, health benefits, property damage, and errors and omissions. To manage its risks, the City participates in the Florida League of Cities Self Insurance Fund (the "Fund") a public entity risk pool currently operating as a common risk management and insurance program for member cities. The City pays an annual premium to the Fund for its coverage. The premiums are designed to fund the liability risks assumed by the Fund and are based on certain actual exposures of each member. The City's settled claims have not exceeded coverage in any of the past three fiscal years.

Notes to Financial Statements

NOTE 12 – COMMITMENTS

The City leases some of its golf carts under operating leases. Lease payments for the year ended September 30, 2018 were \$42,325. Future lease payments are as follows:

	Business-type Activities
2019	\$ 42,973
2020	3,613
Total	\$ 46,586

NOTE 13 – CONTINGENCIES

The City is sometimes a party to lawsuits and claims arising out of the normal conduct of its activities. While the results of lawsuits or other proceedings against the City cannot be predicted with certainty, management does not expect that these matters will have a material adverse effect on the financial condition of the City.

NOTE 14 – FUTURE ACCOUNTING PRONOUNCEMENTS

The Governmental Accounting Standards Board has issued statements that will become effective in subsequent years. The statements address:

- FY2019 – Asset retirement obligations (GASB Statement No. 83) and debt disclosures (GASB Statement No. 88)
- FY 2020 – Fiduciary activities (GASB Statement No. 84) and majority equity interests (GASB Statement No. 90)
- FY 2021 – Leases (GASB Statement No. 87) and accounting for interest during construction periods (GASB Statement No. 89)
- FY 2022 – Conduit debt obligations (GASB Statement No. 91)

The City is currently evaluating the effects that these statements will have on its future financial statements.

Notes to Financial Statements

NOTE 15 –RESTATEMENTS

Beginning balances of the Governmental Activities, Business-type Activities, Component Unit, Water Fund, Sanitation Fund and Airport Fund were restated to implement the provisions of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*.

Beginning balances of the Governmental Activities and the General Fund were restated to correct payroll deduction liability balances from prior years.

The effects of these restatements are summarized below:

	Governmental Activities	Business-type Activities	Component Unit-PGA
Net position, September 30, 2017 as previously reported	\$ 12,625,306	\$ 36,346,393	\$ 5,836,519
Eliminate total OPEB obligation, beginning	184,809	97,830	-
Add total OPEB liability, beginning	(335,884)	(185,491)	(52,897)
Correct prior year payroll deduction liabilities	(76,741)	-	-
Net position, October 1, 2017, as restated	\$ 12,397,490	\$ 36,258,732	\$ 5,783,622

	General Fund
Fund balance, September 30, 2017 as previously reported	\$ 1,927,322
Correct prior year payroll deduction liabilities	(76,741)
Fund balance, October 1, 2017, as restated	\$ 1,850,581

	Water Fund	Sanitation Fund	Airport Fund
Net position, September 30, 2017 as previously reported	\$ 16,366,153	\$ 329,483	\$ 18,808,654
Eliminate total OPEB obligation, beginning	64,649	27,568	5,613
Add total OPEB liability, beginning	(111,409)	(66,616)	(7,466)
Net position, October 1, 2017, as restated	\$ 16,319,393	\$ 290,435	\$ 18,806,801

Notes to Budgetary Comparison Schedules

Budgets are prepared and adopted on the modified accrual basis of accounting.

On or before the first day in August of each year, the City Manager submits to the City Commission a budget for the ensuing fiscal year, along with an accompanying budget message. The general summary of the budget and notice of public hearing is published in the local newspaper. Prior to the last day of September, the budget is legally enacted. All appropriations lapse at the end of the fiscal year.

Florida Statutes provide that it is unlawful to make expenditures that exceed the total amount budgeted for each fund. The City Manager can approve budget transfers within and between operating departments and divisions of the same fund. All interfund transfers require prior approval of the City Commission. Therefore, the fund level is the legal level of control for budget considerations.

Annual budgets are adopted for all governmental funds.

Plan fiduciary net position as a percentage of the total pension liability	72.63%	74.03%	74.59%	76.70%	84.00%	81.25%
Covered payroll	\$ 3,148,480	\$ 3,197,367	\$ 2,930,299	\$ 2,979,727	\$ 2,879,693	\$ 2,965,343
Net pension liability as a percentage of covered payroll	219.34%	198.97%	202.47%	171.07%	120.08%	133.70%

Notes to Schedule

The schedule will present ten years comparative data in the future. GASB 67 was implemented in fiscal year 2014.

For measurement date 09/30/2018, amounts reported as changes of assumptions resulted from lowering the investment rate of return from 7.80% to 7.70%.

For measurement date 09/30/2017, amounts reported as changes of assumptions resulted from lowering the investment rate of return from 7.90% to 7.80%. In addition, the assumed rates of mortality were changed from those in the July 1, 2015 FRS valuation report to those used in the July 1, 2016 FRS valuation report (FRS herein is the Florida Retirement System).

For measurement date 09/30/2016, amounts reported as changes of assumptions resulted from an experience study dated Sept. 20, 2016:

- The assumed rate of individual salary increases was changed from a 5.50% each year to a service-based table.
- The assumed interest rate was lowered from 8.0% to 7.9%.
- The assumed rates of mortality were changed to match what is used by FRS for non-special risk participants.
- The assumed rates for Normal Retirement increased for all ages.
- The assumed rates of disability decreased by changing from Table 1207 to Table 1201.
- The inflation assumption rate was lowered from 3.00% to 2.70%, matching the long-term inflation assumption used by the Plan's investment consultant.

Notes to Schedule

The schedule will present ten years comparative data in the future. GASB 67 was implemented in fiscal year 2014.

Changes of benefit terms:

For measurement date 09/30/2016, the benefit multiplier was decreased from 3.13% to 3.10%.

For measurement date 09/30/2015, the benefit multiplier was decreased from 3.16% to 3.13%.

Changes of assumptions:

For measurement date 09/30/2018, amounts reported as changes of assumptions resulted from lowering the investment rate of return from 7.80% to 7.70%.

For measurement date 09/30/2017, amounts reported as changes of assumptions resulted from lowering the investment rate of return from 7.90% to 7.80%. In addition, the assumed rates of mortality were changed from those in the July 1, 2015 FRS valuation report to those used in the July 1, 2016 FRS valuation report (FRS herein is the Florida Retirement System).

For measurement date 09/30/2016, amounts reported as changes of assumptions resulted from an experience study dated Sept. 20, 2016:

- The assumptions for salary increases, retirement rates, and withdrawal rates were updated to better reflect anticipated plan experience.
- The assumed interest rate was lowered from 8.0% to 7.9%.
- The assumed rates of mortality were changed to match what is used by FRS for special risk participants.
- The inflation assumption rate was lowered from 3.00% to 2.70%, matching the long-term inflation assumption used by the Plan's investment consultant.

Notes to Schedule

The schedule will present ten years comparative data in the future. GASB 67 was implemented in fiscal year 2014

Changes of benefit terms:

For measurement date 09/30/2016, new hires on or after January 1, 2016 are required to have 10 years of service to vest in the plan

Changes of assumptions:

For measurement date 09/30/2018, amounts reported as changes of assumptions resulted from lowering the investment rate of return from 7.80% to 7.70%.

For measurement date 09/30/2017, amounts reported as changes of assumptions resulted from lowering the investment rate of return from 7.90% to 7.80%. In addition, the assumed rates of mortality were changed from those in the July 1, 2015 FRS valuation report to those used in the July 1, 2016 FRS valuation report (FRS herein is the Florida Retirement System)

For measurement date 09/30/2016, amounts reported as changes of assumptions resulted from an experience study dated Sept. 20, 2016

- The assumptions for salary increases, retirement rates, and termination rates were updated to better reflect anticipated plan experience

- The assumed interest rate was lowered from 8.0% to 7.9%.

- The assumed rates of mortality were changed to match what is used by FRS for special risk participants

- The inflation assumption rate was lowered from 3.00% to 2.50%, matching the long-term inflation assumption used by the Plan's investment consultant.

**Schedule of Employer Contributions
General Pension Plan
September 30, 2018**

	2018	2017	2016	2015	2014	2013
Actuarially determined contribution	\$ 864,991	\$ 716,210	\$ 679,829	\$ 686,530	\$ 777,517	\$ 788,781
Contributions in relation to the actuarially determined contributions	\$1,077,055	\$ 931,520	\$ 679,825	\$ 686,545	\$ 777,517	\$ 788,781
Contribution deficiency (excess)	\$ (212,064)	\$ (215,310)	\$ 4	\$ (15)	\$ -	\$ -
Covered payroll	\$ 3,148,480	\$ 3,197,367	\$ 2,930,299	\$ 2,979,727	\$ 2,879,693	\$ 2,965,343
Contributions as a percentage of covered payroll	34.21%	29.13%	23.20%	23.04%	27.00%	27.00%

Notes to Schedule:

Actuarially determined contribution rates are calculated as of October 1, two years prior to the end of the fiscal year in which the contributions are reported.

Valuation Date (for 09/30/2018 FYE contributions) 10/1/2016

Methods and assumption used to determine contribution rates:

Actuarial cost method: Entry Age Normal
 Amortization method: Level Percentage of Payroll, closed
 Remaining amortization period: 26 years (as of 10/01/2016)
 Actuarial asset method: 4 year average
 Inflation: 2.50%
 Salary increases: 8% less than one year of service. 5% for one year and greater of service.
 Interest rate: 7.90% per year compounded annually, net of investment related expenses.
 Payroll growth: None, for purposes of amortizing the unfunded actuarial liability
 Retirement age: See following table.
 Termination rates: See following table.
 Disability rates: See following table. It is assumed that 25% of disablements and active members deaths are service related.
 Mortality: RP 2000 Generational Healthy Lives (sex distinct) White Collar, Scale BB

Retirement		Percent Terminating during the year		Percent becoming disabled during the year
Age	Rate	Age	year	year
50-54	10.0%	20	34.40%	0.03%
55	25.0%	30	30.00%	0.04%
56-59	20.0%	40	16.40%	0.07%
60	40.0%	50	3.40%	0.18%
61-64	25.0%			
65+	100.0%			

The schedule will present ten years comparative data in the future. GASB 67 was implemented in fiscal year 2014.

Annual money-weighted rate of return, net of investment expense	7.18%	11.32%	9.21%	-3.92%	9.69%	12.50%

Note to Schedule

The schedule will present ten years comparative data in the future. GASB 67 was implemented in fiscal year 2014.

**Schedule of Changes in Sponsor's Other Postemployment Benefits Plan
Liability and Related Ratios
Year ended September 30, 2018
Last 10 Fiscal Years**

	2018
Service cost	\$ 47,262
Interest	22,375
Changes of benefit terms	-
Differences between expected and actual experience	-
Changes of assumptions	(55,452)
Benefit payments	(13,800)
Net change in total OPEB liability	385
Total OPEB liability - Beginning	574,272
Total OPEB liability - Ending	\$ 574,657
Covered employee payroll	\$ 5,930,690
Sponsor's total OPEB liability as a percentage covered employee payroll	9.69%

Notes to schedule:

- 1) GASB Statement No. 75 was implemented in 2018. Until a full 10-year trend is compiled, information for those years for which it is available will be presented.
- 2) Changes in assumptions and other inputs reflect a change in the discount rate from 3.64% in 2017 to 4.18% in 2018.
- 3) FY2018 covered payroll was projected based on actual FY2017 covered payroll.
- 4) See Note 10 to the financial statements for detailed information on the City's OPEB Plan.

Supplementary Information

NON-MAJOR GOVERNMENTAL FUND

SPECIAL REVENUE FUND

A Special Revenue Fund is used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. The City maintains the following non-major Special Revenue Fund:

Community Development Block Grant Fund- to account for grant revenues received and expended to assist low to moderate income individuals with housing rehabilitation.

MAJOR GOVERNMENTAL CAPITAL PROJECTS FUND

A Capital Projects Fund is used to account for and report financial resources that are restricted, committed or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. The City maintains the following Capital Projects Fund:

Better Place Plan Fund- is used to account for revenues received from a discretionary surtax imposed to finance certain capital projects.

Statistical Section

This part of the City of Palatka comprehensive annual financial report represents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the city's overall financial health.

<u>Contents</u>	<u>Page</u>
Financial Trends	62
These schedules contain trend information to help the reader understand how the city's financial performance and well-being have changed over time.	
Revenue Capacity	66
These schedules contain information to help the reader assess the factors affecting the city's ability to generate its property and sales taxes.	
Debt Capacity	70
These schedules present information to help the reader assess the affordability of the city's current levels of outstanding debt and the city's ability to issue additional debt in the future.	
Demographic and Economic Information	75
These schedules offer demographic and economic indicators to help the reader understand the environment within which the city's financial activities take place and to help make comparisons over time and with other governments.	
Operating Information	77
These schedules contain information about the city's operations and resources to help the reader understand how the city's financial information relates to the services the city provides and the activities it performs.	

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Source: Putnam County Board of County Commissioners

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the city. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Palatka. This process recognizes that, when considering the city's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

For debt repaid with non-ad valorem taxes, the percentage of overlapping debt applicable is estimated using the total personal income (per capita income x population) of the City divided by the total personal income of Putnam County

For debt repaid with sales surtax revenues, the percentage of overlapping debt applicable is estimated using the total amount of local infrastructure surtax revenues received by the City divided by the total amount of local infrastructure surtax revenues received by Putnam County

For debt repaid with 1/2 cent sales revenues, the percentage of overlapping debt applicable is estimated using the total amount of 1/2 cent sales tax revenues received by the City divided by the total amount of 1/2 cent sales tax revenues received by Putnam County

MANAGEMENT LETTER

To the Honorable Mayor and City Commissioners
City of Palatka, Florida

We have audited the financial statements of the City of Palatka (the "City") as of and for the fiscal year ended September 30, 2018, and have issued our report thereon dated August 23, 2019. That report should be considered in conjunction with this management letter.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, Rules of the Auditor General, which govern the conduct of local governmental entity audits performed in the State of Florida and require that certain items be addressed in this letter.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with Government Auditing Standards; Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance; Schedule of Findings and Questioned Costs; and an Independent Accountant's Report on an examination conducted in accordance with AICPA Professional Standards, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated August 23, 2019, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding financial audit report. If the audit findings in the preceding audit report are uncorrected, we are required to identify those findings that were also included in the second preceding audit report. These requirements of the Rules of the Auditor General are addressed in the Schedule of Findings and Questioned Cost and the Summary Schedule of Prior Audit Findings that accompanies this letter. All prior year findings were repeated with the exception of 2017-004 and 2017-008, which were corrected.

Financial Condition

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the City has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific conditions met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the City. It is management’s responsibility to monitor the City’s financial condition, and our financial condition assessment was based in part on representations made by management and review of financial information provided by same. The application of such procedures did not reveal evidence of “deteriorating financial condition” as that term is defined in Rule 10.554.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations required to be included herein.

Additional Matters

Our audit did not reveal any other matters that we are required to include in this management letter.

Purpose of this Letter

The purpose of this management letter is solely to comply with the requirements of Chapter 10.550, Rules of the Auditor General. Accordingly, this communication is not suitable for any other purpose. Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Mayor and City Commissioners of the City of Palatka, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

We wish to take this opportunity to thank you and your staff for the cooperation and courtesies extended to us during the course of the audit. Please let us know if you have any questions or comments concerning this letter, our accompanying reports, or other matters.

Carly Riggs & Ingram, L.L.C.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Honorable Mayor and City Commissioners
City of Palatka, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Palatka, Florida (the "City") as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated August 23, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings as items 2018-001 to 2018-007, we identified certain deficiencies in internal control that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*. We did identify an other matter which is described in the accompanying schedule of findings and questioned costs as item 2018-008.

The City's Response to Findings

The City's response to the findings identified in our audit is described in its accompanying letter of response. The City's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH SECTION 218.415, FLORIDA STATUTES

The Honorable Mayor and City Commissioners
City of Palatka, Florida

We have examined the City of Palatka, Florida's (the "City") compliance with the specified requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies*, during the year ended September 30, 2018. Management of the City is responsible for the City's compliance with the specified requirements. Our responsibility is to express an opinion on the City's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the City complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the City complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgement, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2018.

This report is intended solely for the information and use of management and the State of Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.

Notes to the Schedule of Expenditures of Federal Awards**Note 1. Basis of Presentation**

The accompanying Schedule of Expenditures of Federal Awards includes the federal award activity of the City under programs of the federal government for the year ended September 30, 2018. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because this schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net position or cash flows of the City.

Note 2. Summary of Significant Account Policies

Expenditures reported on this schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized when they become a demand on current available financial resources. Expenditures on contracts under A-133 are recognized following the cost principles in OMB Circular A-133, and expenditures on all other contracts are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The preparation of this schedule requires management to make various estimates. Actual results could vary from those estimates.

Note 3. Indirect Cost Rate

The City has elected not to use the 10% de minimis indirect cost rate as outlined in the Uniform Guidance.

Note 4. Loan and Loan Guarantee Programs

The City does not participate in any loan or loan guarantee programs.

Note 5. Federally Funded Insurance

The City does not receive any federally funded insurance.

Note 6. Noncash Assistance

The City did not receive or provide any noncash assistance related to Federal awards.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

The Honorable Mayor and City Commissioners
City of Palatka, Florida

Report on Compliance for Each Major Federal Program

We have audited City of Palatka, Florida's (the "City") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2018. The City's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, laws, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards, and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2018.

Report on Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of City of Palatka, Florida's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We identified a deficiency in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as item 2018-008, that we consider to be a significant deficiency.

The City's response to the internal control finding over compliance identified in our audit is described in the accompanying Corrective Action Plan. The City's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Schedule of Findings and Questioned Costs

SECTION II – FINANCIAL STATEMENT FINDINGS

2018-001 (Similar to previously reported items 2017-001 and 2016-001.)
Criteria: Section 218.33, *Florida Statutes*, requires that local government entities follow uniform accounting practices and procedures including the use of proper accounting and fiscal management, which includes establishing and maintaining effective internal control to help ensure that appropriate goals and objectives are met and ensuring that management and financial information is reliable and properly reported.

Condition: As part of the audit process, we proposed the following material adjustments to the City's financial statements:

- Certain unavailable revenues were recognized as revenue rather than deferred.
- Fund balance classifications required adjustment.
- Pension and OPEB liabilities required adjustments.
- A police bank account was not reported, requiring an adjustment.
- Accrued vacation and sick liabilities required adjustments.
- Long-outstanding accounts receivable were written off as audit adjustments.
- Advances to other funds were corrected.
- The liabilities for payroll benefits and deductions required correction.

Personnel required assistance to prepare financial statements, including notes, in accordance with generally accepted accounting principles.

Cause: Limited number of finance personnel available for reconciliations and internal control processes.

Effect: Our proposed adjustments were reviewed and accepted by management, enabling the financial statements to be fairly presented in conformity with generally accepted accounting practices.

Recommendation: The City should consider and evaluate the costs and benefits of improving internal controls relative to the financial reporting process to ensure all material adjustments are included in the year-end close-out.

Views of responsible officials: See accompanying corrective action plan.

2018-002 (Similar to previously reported items 2017-002 and 2016-003.)
Criteria: City procedures require time records to be evidenced with signatures to certify hours worked by the employee and approval by the supervisor.

Condition: In multiple instances, timesheets were not approved by supervisors.

Cause: Established procedures are not consistently followed.

Effect: Records to evidence time are incomplete.

Schedule of Findings and Questioned Costs

Recommendation: We recommend that the City follow the established internal control process that require signatures prior to the distribution process.

Views of responsible officials: See accompanying corrective action plan .

2018-003

(Similar to previously reported item 2017-003.)

Criteria: Section 218.33, *Florida Statutes*, requires that local government entities follow uniform accounting practices and procedures including the use of proper accounting and fiscal management, which includes establishing and maintaining effective internal control to help ensure that appropriate goals and objectives are met and ensuring that management and financial information is reliable and properly reported.

Condition: Bank reconciliations did not show evidence of review and approval of the reconciliations.

Cause: Personnel were not available to review due to management changes.

Effect: Issues in the reconciliations may not be detected timely.

Recommendation: We recommend that someone other than the preparer review the bank reconciliations to evidence review and approval.

Views of responsible officials: See accompanying corrective action plan .

2018-004

Criteria: The City is responsible for the preparation of a complete and accurate Schedule of Expenditures of Federal Awards (2 CFR 200.510).

Condition: The City's procedures are not adequate to ensure the proper identification of financial assistance programs and preparations of an accurate Schedule of Expenditures of Federal Awards. Certain grants required material adjustments to the amount of expenditures.

Cause: Limited number of finance staff to review the Schedule of Expenditures of Federal Awards to ensure completeness and accuracy.

Effect: Failure to properly prepare the schedule could affect the selection of major programs, which could cause noncompliance with 2 CFR 200 single audit requirements.

Recommendation: The City should develop policies, procedures, and the expertise to prepare and review a complete and accurate Schedule of Expenditures of Federal Awards.

Views of responsible officials: See accompanying corrective action plan .

Schedule of Findings and Questioned Costs

2018-005

(Similar to previously reported item 2017-005.)

Criteria: Section 218.33, *Florida Statutes*, requires that local government entities follow uniform accounting practices and procedures including the use of proper accounting and fiscal management, which includes establishing and maintaining effective internal control to help ensure that appropriate goals and objectives are met and ensuring that management and financial information is reliable and properly reported.

Condition: Capital asset reconciliations did not agree to the general ledger, resulting in material adjustments. No evidence existed showing review of disposals and depreciation expense. The capital asset system in ADG produces Error Summary for Depreciation Edit reports to identify any exceptions. This report should be reviewed to determine disposition of said exceptions.

Cause: Procedures were not in place to adequately reconcile the capital assets to the general ledger, including reviewing disposals and depreciation expense and monitoring the exception reports.

Effect: Capital assets required material adjustments. Risk of misstatement of capital assets and/or depreciation expense is elevated.

Recommendation: Implement control procedures to ensure reconciliation of the capital assets subsidiary ledger to the general ledger, including review of disposals, depreciation expense, and exception reports and determine proper disposition.

Views of responsible officials: See accompanying corrective action plan.

2018-006

(Similar to previously reported item 2017-006.)

Criteria: City of Palatka Code of Ordinances, Article II, Section 166(b) and 168 allow for the City to assign collection, accounting, and tracking of certain City functions to the Palatka Gas Authority (“the Authority”), and for the Authority to transfer such collections monthly to the City, in addition to providing reports of such activities at such times and detail as required by the City. In May 2017 the City exercised that assignment with regard to the City’s utility billings and collections. Prior to that date, the City performed the billings and collections process in-house.

Section 218.33, *Florida Statutes*, requires that local government entities follow uniform accounting practices and procedures including the use of proper accounting and fiscal management, which includes establishing and maintaining effective internal control to help ensure that appropriate goals and objectives are met and ensuring that management and financial information is reliable and properly reported.

Condition: We did not see evidence that the City implemented controls to ensure the information provided to and received from the Authority was regularly reviewed by the City for accuracy and completeness. Accounts receivable and allowance for doubtful

Schedule of Findings and Questioned Costs

accounts related to utility billings and collections required material adjustments. Other activity between the City and the Authority required adjustments to the transfer account.

Cause: The City relied on the Authority to ensure the amounts billed are accurate and complete.

Effect: Material adjustments were required to utility billing and collection related accounts.

Recommendation: We recommend that the City develop and implement review procedures over the utility billing and collections information provided to and obtained from the Authority.

Views of responsible officials: See accompanying corrective action plan .

2018-007

(Similar to previously reported item 2017-007.)

Criteria: Section 218.33, *Florida Statutes*, requires that local government entities follow uniform accounting practices and procedures including the use of proper accounting and fiscal management, which includes establishing and maintaining effective internal control to help ensure that appropriate goals and objectives are met and ensuring that management and financial information is reliable and properly reported.

Condition: While all journal entries selected for testing had a second approver, we noted multiple errors related to journal entries that were not identified through the review process.

Cause: Procedures to document review of journal entries by other appropriate personnel were not effective to detect and correct errors.

Effect: Errors were not be detected timely.

Recommendation: We recommend that the City follow established controls over the journal entry process.

Views of responsible officials: See accompanying corrective action plan .

Schedule of Findings and Questioned Costs

SECTION III – FINDINGS AND QUESTIONED COSTS – FEDERAL PROGRAMS

**2018-008 Highway Planning and Construction Cluster – Highway Planning and Construction – CFDA Number 20.205, Contract 41057229401, 2011, U.S. Department of Transportation; Passed through Florida Department of Transportation
Questioned costs - none**

Criteria: 2 CFR 200.303 requires non-Federal entities to establish and maintain internal controls over compliance with laws, regulations, and the terms and conditions of grant agreements. Federal regulation 29 CFR section 5.5 requires that contractors and subcontractors that work on construction contracts in excess of \$2,000 submit to the awarding agency a copy of their weekly payroll and a statement of compliance (certified payroll) for any week in which contract work is performed. Per the Federal Highway Administration Davis-Bacon and Related Acts Questions and Answers, the City is responsible for properly applying and enforcing wage rate requirements in construction contracts, which includes reviewing certified payrolls in a timely manner to ensure all laborers and mechanics are paid wages not less than those established by the U.S. Department of Labor for the locality of the project.

Condition: The City was unable to locate evidence of the certified weekly payrolls for the construction vendor for this grant.

Cause: The work was performed in fiscal year 2014, but was not charged to the grant until the current year. Records were not maintained by the City and the contractor's requirement to maintain the documents ended after three years.

Effect: Laborers and mechanics employed by construction contractors or subcontractors may not have been paid at least the prevailing wage rates as required.

Recommendation: We recommend monitoring and retention of the certified payrolls by the City in accordance with grant requirements.

Regular meeting 2nd and 4th Thursdays each month at 6:00 p.m.

The following were audit findings in the auditors' report for the year ended September 30, 2017

2017-001 (Reported in previous audit report as item 2016-001 and 2015-001.)

Criteria: Financial statements must be presented in accordance with generally accepted accounting principles.

Condition: As part of the audit process, we proposed material adjustments to the City's financial statements. It was also necessary for us to assist with the preparation of the City's financial statements.

Cause: Certain unavailable revenues were recognized as revenue rather than deferred. Also, lease proceeds were recorded as revenue, rather than long-term liabilities in the proprietary funds. And accrued payroll was not accurately stated in the general ledger. Personnel required assistance to prepare financial statements, including notes, in accordance with generally accepted accounting principles.

Effect: Our proposed adjustments were accepted by management, enabling the financial statements to be fairly presented in conformity with generally accepted accounting practices.

Recommendation: The City should consider and evaluate the costs and benefits of improving internal controls relative to the financial reporting process to ensure all material adjustments are included in the year-end close-out.

Followup: Partially corrected. Substantially repeated as 2018-001.

2017-002 (Reported in previous audit report as item 2016-003.)

Criteria: City procedures require time records to be evidenced with signatures to certify hours worked by the employee and approval by the supervisor.

Condition: Timesheets for two employees were not signed by the employees and two other timesheets were not approved by supervisors.

Cause: Established procedures are not consistently followed.

Effect: Records to evidence time are incomplete.

Recommendation: We recommend that the City follow the established internal control process that require signatures prior to the distribution process.

Followup: Partially corrected. Substantially repeated as 2018-002.

Prior Year Audit Findings, Continued

2017-003

Criteria: Bank reconciliations should be reviewed by someone other than the preparer and signed or initialed to evidence that review and approval.

Condition: The September and October 2017 bank reconciliations did not show evidence of review and approval of the reconciliations.

Cause: Personnel were not available to review due to management changes.

Effect: Issues in the reconciliations may not be detected timely.

Recommendation: We recommend that someone other than the preparer review the bank reconciliations to evidence review and approval.

Followup: Partially corrected. Substantially repeated as 2018-003.

2017-004

Criteria: City procedures require that someone other than the individual processing payroll should compare the payroll reports to the printed checks and direct deposit stubs. In addition, that independent review should be documented by initial or signature.

Condition: There was not always evidence of consistent independent review by someone outside the payroll process. For 5 pay periods, the payroll journal/check register was mark with checkmarks, indicating some form of review, however, there were no initials indicating who reviewed the report. For a separate pay period, the review was performed after the checks were released.

Cause: City procedures did not require documentation to evidence review.

Effect: Issues in payroll processing may not be detected timely.

Recommendation: Review of the payroll reports compared to the pay checks or direct deposit stubs should be performed and include evidence of review prior to distribution of the checks.

Followup: Corrected.

Prior Year Audit Findings, Continued

2017-005

Criteria: The capital asset system in ADG produces Error Summary for Depreciation Edit reports to identify any exceptions. This report should be reviewed to determine disposition of said exceptions.

Condition: Prior to fiscal year ending September 30, 2017, adjustments were not made to resolve the exceptions.

Cause: Procedures were not in place to adequately monitor the exception reports.

Effect: A material prior period restatement to correct depreciation was required as of October 1, 2016.

Recommendation: Implement control procedures to ensure review of the exception reports and determine proper disposition.

Followup: Partially corrected. Substantially repeated as 2018-005.

2017-006

Criteria: City of Palatka Code of Ordinances, Article II, Section 166(b) and 168 allow for the City to assign collection, accounting, and tracking of certain City functions to the Palatka Gas Authority, and for the Authority to transfer such collections monthly to the City, in addition to providing reports of such activities at such times and detail as required by the City. In May 2017 the City exercised that assignment with regard to the City's utility billings and collections. Prior to that date, the City performed the billings and collections process in-house.

Condition: We did not see evidence that the City implemented controls to ensure the information provided to and received from the Authority was regularly reviewed by the City for accuracy and completeness. Also, for two selected billing transactions, the supporting documentation prior to May 2017 was not available to trace collection and to observe adjustment report for those selected items.

Cause: The City relied on the Authority to ensure the amounts billed are accurate and complete. Relevant to unavailable documentation prior to May 2017, the deposit information was in batch only, and adjustment reports were in storage.

Effect: Errors, if any, may not be detected timely.

Recommendation: We recommend that the City develop and implement review procedures over the utility billing and collections information provided to and obtained from the Authority. We also recommend that in the future, detail supporting documentation be retained for independent audit.

Followup: Repeated as 2018-006.

Prior Year Audit Findings, Concluded

2017-007

Criteria: All manual journal entries to the accounting records should be reviewed and approved by someone other than the preparer.

Condition: We noted that at least three manual journal entries prepared by the previous finance director did not have evidence of independent review. Those entries were for \$38,462 to remove accounts payable, \$38,710 to adjust cash balance forward accounts and \$39,254 to correct expense accounts. In addition, we did not see evidence that the journal entry write-off of Golf inventory was approved, by personnel authorized to execute the Golf franchise agreement in Resolution 2016-12-12.

Cause: Procedures to document review of journal entries by other appropriate personnel were not followed.

Effect: Errors, if any, may not be detected timely.

Recommendation: We recommend that the City follow established controls over the journal entry process.

Followup: Partially corrected. Substantially repeated as 2018-007.

2017-008 Federal Award Reporting Requirement

Brownfields Assessment and Cleanup Cooperative Agreements- CFDA Number 66.818, Contract BF-00D32715, 2015, Environmental Protection Agency
Questioned costs - none

Criteria: The grant agreement for the Brownfields Assessment and Cleanup program, CFDA 66.818, requires quarterly reports to be completed and submitted to the EPA no later than 30 days after the end of the reporting period.

Condition: The quarterly report required to be submitted by August 1, 2017 was not submitted to the grantor until September 8, 2017.

Cause: Reporting requirements were not sufficiently monitored to prevent missing the reporting deadline.

Effect: Noncompliance with grant reporting requirements.

Recommendation: We recommend monitoring of the grant reports on a regular basis to ensure the quarterly report is submitted timely in accordance with grant requirements.

Followup: This finding was corrected as of September 8, 2017.

DONALD E. HOLMES
CITY ATTORNEY

August 23, 2019

The Honorable Sherrill F. Norman
Florida Auditor General
P.O. Box 1735
Tallahassee, FL 32302

Dear Ms. Norman:

I write to you in response to the findings noted in the audit of the City of Palatka, prepared by Carr, Riggs & Ingram for the year ended in September 30, 2018.

2018-001 *Condition* – As part of the audit process, we proposed material adjustments to the City's financial statements:

- Certain unavailable revenues were recognized as revenue rather than deferred.
- Fund balance classifications required adjustments.
- Pension and OPEB liabilities required adjustments.
- A police bank account was not reported, requiring an adjustment.
- Accrued vacation and sick liabilities required adjustments.
- Long-outstanding accounts receivable were written off as audit adjustments.
- Advances to other funds were corrected.
- The liabilities for payroll benefits and deductions required correction.

Recommendation – The City should consider and evaluate the costs and benefits of improving internal controls relative to the financial reporting process to ensure all material adjustments are included in the year-end close-out.

Resolution – The City has included a new finance position in the FY19-20 budget that will allow for additional internal controls, including supplementary review of year end material adjustments. However, the City anticipates the potential of a recurrence as there will be obligatory training upon the hire of said position.

2018-002 *Condition* – In multiple instances, timesheets were not approved by supervisors.

Recommendation – We recommend that the City follow the established internal control process the require signatures prior to the distribution process.

Resolution – The City implemented a payroll process to include multiple reviews to help alleviate this repeat finding back in June 2018. Since this control was not initiated until mid-fiscal year, the City did fall short of verifying each timesheet. Also, the City has initiated the conversation of transitioning to bi-weekly payroll to allow for additional review time. The City feels confident that this should not be an issue going forward.

2018-003 *Condition* – Bank reconciliations did not show evidence of review and approval of reconciliations.

Recommendation – We recommend that someone other than the preparer review the bank reconciliations to evidence review and approval.

Resolution – Per our resolution to prior finding 2017-003, Accounting Supervisor or Finance Director has begun routinely reviewing and signing the bank reconciliations beginning with those of October 2018. During the fiscal year audited, appropriate personnel were not always available to review these reconciliations due to management changes.

2018-004 *Condition* – The City’s procedures are not adequate to ensure the proper identification of financial assistance programs and preparations of an accurate Schedule of Expenditures of Federal Awards. Certain grants required material adjustments to the amount of expenditures.

Recommendation – The City should develop policies, procedures, and the expertise to prepare and review a complete and accurate Schedule of Expenditures of Federal Awards.

Resolution – Over the past two years the responsibility of the Schedule of Expenditures of Federal Awards has shifted multiple times. The City has recently implemented a process that heavily includes the Grant Administrator, the person that had been designated the SEFA Coordinator (currently, the City’s Accounting Supervisor) and the Finance Director, so that there is better understanding and communication throughout the entire fiscal year rather than an infrequent-partnership review of which previously existed. Said review now allows for both the Financial/Accounting administration to better coordinate with the Grant/Project administration.

2018-005 *Condition* – Capital asset reconciliations did not agree to the general ledger, resulting in material adjustments. No evidence existed showing review of disposals and depreciation expense. The capital asset system in ADG produces Error Summary for Depreciation Edit reports to identify any exceptions. This report should be reviewed to determine disposition of said exceptions.

Recommendation – Implement control procedures to ensure reconciliation of the capital assets subsidiary ledger to the general ledger, including review of disposals, depreciation expense, and exception reports and determine proper disposition.

Resolution – The capital asset system in ADG produces Error Summary for Depreciation Edit reports to identify any exceptions. Prior to the past two fiscal years, adjustments were not made to resolve the exceptions. Fiscal Year 2017-2018 required an entry to realign a multiyear issue. To ensure the year-end review is taking place, the Finance Director will sign the Error Summary report and any entries made as evidence. Additionally, the City will work towards implementing a citywide process that will allow for ongoing review of capital assets verses a one-time annual review.

2018-006 *Condition* – We did not see evidence that the City implemented controls to ensure the information provided to and received from the Authority was regularly reviewed by the City for accuracy and completeness. Accounts Receivable and allowance for doubtful accounts related to utility billings and collections required material adjustments. Other activity between the City and the Authority required adjustments to the transfer account.

Recommendation – We recommend that the City develop and implement review procedures over the utility billing and collections information provided to and obtained from the Authority.

Resolution – The Finance Director along with the Director of Public Works have developed and implemented review procedures for the utility billing and collections as of Fiscal Year 18-19. The review includes detailed supporting documentation to be retained for independent audit. Additionally, City Staff meets regularly (twice a month) with the Gas Authority to ensure effective communication.

2018-007 *Condition* – While all journal entries selected for testing had a second approver, we noted multiple errors related to journal entries that were not identified through the review process. Certain accounts payable entries were entered multiple times in error.

Recommendation – We recommend that the City follow established controls over the journal entry process.

Resolution – The Finance Department has implemented established controls over the journal entry process when preparing manual journal entries and will continue reviewing entries accordingly. Also, a process for maintaining all relevant support documentation and routinely reviewing journal entry reports from ADG to be sure duplicate entries were not made has been put in place.

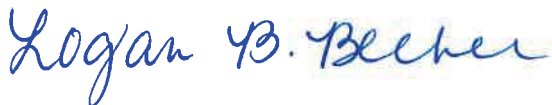

2018-008 *Condition* – The City was unable to locate evidence of the certified weekly payrolls for the construction vendor for this grant.

Recommendation – We recommend monitoring and retention of the certified payrolls by the City in accordance with grant requirements.

Resolution – The City has implemented controls over grant document records and retention to prevent this in the future.

Please contact me if you have any questions or need additional explanation.

Sincerely,

Logan B. Becker
Finance Director
